Subject:	Follow up on corrections submitted 12.26.17-TLG Garden LLC license #13344
Date:	Wednesday, January 10, 2018 9:10:00 AM

Terry,

I've reviewed the corrections you submitted. Few more things to do:

- **MJ-00** for Gerard needs the "Title" under section 2. That is all I need, his title (what is his role in the LLC).
- **MJ-07**: the context of "Licensee" under section 1 is the name of the LLC. In this case, TLG Garden, LLC.
- **MJ-08:** the context of "Licensee" under section 1 is the name of the LLC. In this case, TLG Garden, LLC.
- **MJ-09** for Gerard needs the "Title" under section 2. That is all I need, his title (what is his role in the LLC).
- **Commercial Lease**: the lease needs to have the dates filled in, printed names, and signatures of all parties involved in order for us to accept it.
- **MJ-01** (this time I only need the pages that need corrections, corrected, I do need the entire page completed, but it can be only the page):
    - Page 5: add to the answer in this box and explain how you will prevent diversion by employees.
    - Page 11: FYI, you will need to make sure that employees have an actual marijuana handler permit before commencing employment, not just to show proof that they have passed the marijuana handler course. Please notate in this box you understand that.
    - Page 12, first box & page 13: the 3-day notice to our enforcement section of marijuana waste must be given **before** the marijuana waste is rendered unusable and disposed of. Please add to the answer to this box and notate that you understand that.
    - Page 13: please remove the camera indications on the diagram you have in this page. We are no longer requiring camera placement to be shown on diagrams.
    - Page 15, first box: please read 3 AAC 306.470 & 3 AAC 306.475 and in addition to the answer you have in this box, please explain how you will comply with these regulations. ALSO, please provide a sample of the label you will produce to comply with these regulations, and a copy of your logo if you will have one.
- **MJ-02:**
    - The context of "Licensee" under section 1 is the name of the LLC. In this case, TLG Garden, LLC.
    - Please include the dimension/size of the brown tables.
    - Please grab a color marker or pencil or something and outline the

very perimeter of the facility and label it “Licensed premises, and restricted access areas”. Call me if this is not clear.

- **MJ-04:**
  - Page 2: in this box you must describe your answer in words. You may attach a diagram for it, but you need to describe your cultivation area(s) in words to include the tables you will be using.
  - Page 4: in this box instead of saying “as detailed in….” Will you please just reiterate what you said on MJ-01 pages 12-13.

Also, please let Gerard know that investigator Amanda Stonecipher in Fairbanks will be in contact with him if she needs any additional documents from him regarding MJ-18.

Please note that this email does not extend the 90-day deadline for you to have this application deemed complete by AMCO’s director. That deadline is 3/7/18.

Respectfully,

Jane P Sawyer
