Good afternoon,

I have reviewed the corrections that were submitted. There are further corrections needed:

-MJ 02:

- The diagram should only include the proposed Limited Marijuana Cultivation Facility requirements. It is okay to have the Retail Marijuana Store included on the diagram, but it should not be included in the licensed premises for the Cultivation Facility. Essentially, the yellow outline should not include the Retail Store. Please remove the yellow outline from the Retail Store, and connect the yellow outline along the east wall of the Cultivation Facility.

-MJ 02 and MJ 04:

- While comparing the calculations from page 2 of MJ 04 and the diagram for MJ 02, the veg room does not match the dimensions on the diagram.
    - First, the diagram shows the veg room to be 20'X26', and MJ-04 says 22'X26'. Please adjust accordingly.
    - Additionally, the diagram shows the veg room to have 160 sq. ft. under cultivation, while MJ 04 says 192 sq. ft. Please adjust accordingly.
    - Furthermore, the Total Under Cultivation does not match. The diagram shows 448 sq. ft. under cultivation, while MJ 04 says 480 sq. ft. Please adjust accordingly.

Please note- the deadline to be on the agenda for the April Board Meeting is tomorrow, March 16th.

Please send any documents/correspondence to marijuana.licensing@alaska.gov.

Respectfully,
