To whom it may concern,

I recently became aware that there has been a zoning permit application that has been approved with the Fairbanks North Star Borough (FNSB) on May 1, 2017 for use as a marijuana retail dispensary at 665 Rainbow Drive. Being a resident in the area (720 Suncrest Drive), I would like to voice my opposition to this shop.

This is a residential neighborhood with a bus stop just feet from the entrance to this proposed establishment. In addition, the Chena Hotsprings Road (CHSR) is already a very busy thoroughfare and this will only add to traffic in an already congested area.

This area is residential only, and as such should stay that way.

I suggest this business venture move to a more "business like" district. These business areas are set up for business like this and others. Do not allow them to move into a clearly residential area with growing families.

So, please do not approve the requested State of Alaska Marijuana license for this spot.

Thank you for your time,
