Gary,

I don't need anything more from you for the application itself. What I do need in order for me to proceed is the resolution of your PFD status. I can't give you specific information because I am not an agent of the PFD, but will you please just follow up on your status, you and Mason.

Thank you
Jane

Subject: Retail Marijuana Store #12956 "Grass Station 49" Revised Documents

Hi Jane,

Attached you will find the revised forms for Grass Station 49, retail license #12956. Including Forms MJ-01, MJ-02, and MJ-03. To my understanding, a new MJ-08 form was not needed because the proper corrections were made in the other forms. The premises diagrams should be higher resolution, and more detailed. Also, Mason and I have officially filed for our PFD as of Friday, Febuary 16, 2018. If I need to add a little more detail to anything, please just let me know.

Thank you for all of your help!
