Attachments:	12482 3.1.18 diagram.pdf

Kyle,

I reviewed your corrections. Few more things:

- The badge on page 3 of MJ-01 only shows the visitor badge. This page is asking for the badge to be displayed by each licensee, employee, or agent. You can send me a separate with the sample badge to add to the MJ-01 if you want.
- Your updated diagram is still not quite clear. So, is the black outline depicting a wall(s)? and is that wall(s) completely going to enclose the marijuana concentrate manufacturing facility, and physically separate it from the cultivation?
- The outline of the diagram with blue tables does not really match with the black outline of the proposed marijuana concentrate manufacturing facility.
- How are you going to move around in the licensed premises of the cultivation facility without having to cross the licensed premises of the manufacturing concentrate facility? Will you please call me.

In your corrections packet I did not see the following:

MJ-02 Premises Diagram

- Please provide a google-like aerial view map/diagram that clearly labels the building in which this marijuana concentrate manufacturing will be. The same diagram needs to show what surrounds the building and the property (what other businesses, buildings, etc.), please label it.

Entity Documents

- Please provide the High Tide Farms, LLC's Operating Agreement.

Please note that this email does not extend the 90-day deadline to get this application complete or you will need to start this process from scratch, that deadline is 5/29/18. However, if you are hoping to be in the April Marijuana Control Board's meeting, the deadline is 3/16/18.

Respectfully,

Jane P Sawyer
