Re: Application Status for License #21551

Dear Applicant:

AMCO has received your application for a standard marijuana cultivation facility. Our staff has reviewed your application after receiving your application and required fees. Your application documents appear to be in order, and it has been determined that your application is complete for purposes of 3 AAC 306.025(d).

Your application will now be sent electronically, in its entirety, to your local government, your community council if your proposed premises is in Anchorage or certain locations in the Mat-Su Borough, and to any non-profit agencies who have requested notification of applications. The local government has 60 days to protest the issuance of your license or waive protest.

If you have not yet received all necessary approvals, such as a local license, conditional use permit, site plan review, Fire Marshal approval, or Department of Environmental Conservation approval, you should continue to work with those local or state agencies to get the requirements completed. We must also wait for the criminal history check for each individual licensee based on your fingerprint card(s). Your application status in the application database will be changed to "Complete" today.

Your application may be considered by the board while some approvals are still pending. However, your license will not be finally issued and ready to operate until all necessary approvals are received and a preliminary inspection of your premises by AMCO enforcement staff is completed.

Your application will be scheduled for the November 13-15, 2019 board meeting for Marijuana Control Board consideration. The meeting agenda gets posted on our website 7 days before the board meeting. **Your appearance at the meeting, either in-person or telephonic, is mandatory.** The telephone number is 1-800-315-6338 code 69176#. Please feel free to contact us through the marijuana.licensing@alaska.gov email address if you have any questions.

Sincerely,

Erika McConnell

Hi TJ – so this sentence is actually copy and pasted from the regulations (see below) and it is just directing cultivation licensees to make sure that units are sold to marijuana retail stores for sale (ie intended not to be repackaged) must not exceed one ounce.

I revised the response to make it a bit clearer. Below is the regulation section we took the previous language from:

3 AAC 306.470. Packaging of marijuana

(a) A marijuana cultivation facility shall package its marijuana bud and flower for sale

(1) to a retail marijuana store, either

(A) in a package not exceeding one ounce for resale to consumers without additional handling by the retail marijuana store except to add the retail marijuana store's own

(i) identifying name or logo; and

(ii) license number; or

Let us know if you need anything else – thank you TJ! Jana

Good afternoon,

I have received the attached documents and most of the necessary revisions have been made. I do have one question about one of the revised responses on Form MJ-04. The first sentence on Page 6, Section 8.1 states "Marijuana and marijuana products will be packaged for retail in wholesale packages not exceeding one ounce for resale to consumers without additional handling by the retail marijuana store except to add the retail store[']s own identify name or logo and license number". What is this sentence saying?
