  - The diagram you submitted of the proposed cultivation facility needs some work, please show the following (more questions may come up once we receive a new diagram from you):
    - There is no dry/cure area on this diagram; please label the dry/cure area.

- Outline the entire perimeter of the proposed licensed premises *and* restricted access area (use separate colors and labels).
- Please clearly label the windows, entrances, exits, and storage areas.

  - Page 4, first box: please make sure that this box is congruent with pages 12-13 of MJ-01. The marijuana plant waste must be ground to render it unusable.
  - Page 6: please provide a sample of the label(s) (including logo(s) if you will have one) of how you will comply with the labeling and packaging under 3 AAC 306.470 & 3 AAC 306.475.
