Good morning,

I have reviewed the corrections that were submitted. There are further corrections needed:

-MJ-01:

- Page 2, second box: You submitted corrections on the new forms. We cannot combine the new forms and the old form because they are too different and do not correspond properly. Please make the previously requested corrections on the old form and submit page 2 of MJ-01.

-MJ-02:

- For the diagram provided:
  - Please ***outline*** the entire perimeter of the proposed licensed premises ***and*** restricted access area (use separate colors). I see that you shaded the proposed licensed premises and restricted access area, which is also alright; however, the shading bears the question of if the stairs are included.
    - Additionally, the area with the number 6 and the word "UP" does not seem as though it should be included in the restricted access area because I do not see a door leading to that area.
    - Furthermore, the restroom may be included in the licensed premises, but not in the restricted access area because restricted access areas must have cameras and the bathrooms should not have cameras.

-MJ-04

- Page 4, first box: It appears as though no corrections were made to the first box on page 4 of the MJ-04. Please make the previously requested corrections to include the marijuana cultivation facility's solid waste disposal arrangements.

* Note- Please submit the corrections no later than tomorrow, April 25th, to be considered for the May Board Meeting. If the requested corrections are received after tomorrow, and they are deemed complete, the following Board Meeting is June 13th.

Please send any documents/correspondence to marijuana.licensing@alaska.gov.

Respectfully,

Jacqlene Drulis
