Dear Alcohol and Marijuana Control Office,

Today I am writing this letter in opposition to the retail marijuana store application initiated by entity name; Cook Inlet Cannabis Co., owner Ryan Tunseth at the physical address of; 10767 Kenai Spur Hwy Suite #D, Kenai AK, 99611. License number 13382 and email address bruce483@hotmail.com.

As a citizen on Kenai, I oppose the chosen location for this type of business. This location is across the street from a soccer field where my 5-year-old and many other children play a variety of sports throughout the year. On the same corner as an Arby's restaurant, a dental office, Insurance agency, accounting firm and women's boutique does not seem to be an ideal or welcome location for such a business that is being proposed.

This proposed location is a parking lot away from one bar and across the highway from another. To have a Marijuana shop essentially between two bar locations in a professional business plaza does not seem to fit with what has been established as a family orientated community of businesses.

I feel bad for the businesses who may have leases signed and will have to deal with more constant traffic for an already overcrowded parking lot. Furthermore, I would suspect many other community citizens will feel uncomfortable driving by a marijuana shop to go to the dentist, shop with their kids, get taxes done, or even go to Arby's.

I hope that a more suitable location can be found for this Marijuana shop. One away from the park that so many kids play at and in a location where odors and such could be managed in a way to not affect so many professional businesses that are under the same roof.

I also feel that placing the notice on the door furthest away from any type of foot traffic on a business that is shut down, does not constitute proper notice to the public, business owners and those who have concerns.

I have sent copies of my objection to the retail marijuana store application to Cook Inlet Cannabis Co. at the addresses listed above.

Thank you for your further consideration into this matter.

Concerned Citizen,

Jacob Reed
