Alcohol & Marijuana Control Office
State of Alaska
550 W 7th Ave, Suite 1600
Anchorage AK, 99501

Dear Alcohol & Marijuana Control Office,

I am writing regarding the retail marijuana store application initiated by entity name; Cook Inlet Cannabis Co., owner Ryan Tunseth at the physical address of; 10767 Kenai Spur Hwy Suite #D, Kenai AK, 99611. License number 13382 and email address bruce483@hotmail.com.

As a business owner adjoined to this location I would like to voice my objection to this marijuana establishment application license. The Cook Inlet Cannabis Co. should not be approved for operation of business in this chosen location as this Plaza and surrounding buildings is a family friendly environment operated by professional businesses as well as my business which has a large teenage and family clientele; therefore, it would not be an appropriate location for business.

My business, which is a Men's and Women's clothing and accessories store, is a family-friendly location where teens and young families shop. We are open six days a week Monday-Saturday 10am-7pm. Our business hours attract families, young teenage adolescents, and young children visiting our store daily. This is the main reason why this is not the appropriate location for a cannabis store to conduct business. Our current customers have already voiced their opinions regarding the posted public notice and have stated if the

application is approved they would not feel comfortable visiting our store with their children. The public notice was posted inconspicuously around the corner of the building away from all foot traffic making most citizens uninformed of the proposed application. The other businesses within the same complex and next-door buildings are also professional and retail businesses and agree this would jeopardize incoming business for all lessee's. This is not an appropriate location for a Marijuana store considering the Kenai Soccer Field is located directly across the street from the physical address, and has hundreds of youth over the course of each summer playing on the fields. The Kenai Rec Center is a key attraction for local teens, and is just down the street from this proposed cannabis store.

The entire plaza has drop ceilings which would enable natural smells to drift into our designated space as well as other adjoining business's regardless of any ventilation system that may or may not be in place. As my business is right next to the proposed cannabis store, the odors will no doubt compromise my retail environment and potentially damage my large inventory of clothing and accessories.

I am in full understanding that Marijuana is now legal for the use of sale. However, I urge you to take strong consideration and deny approval of this application for this specific location. If approved this will jeopardize family-welcoming businesses in its current location, including myself located in the heart of Kenai. I am also stating the applicant has been sent my objection letter via mail. Thank you for your time and consideration in reading this letter of objection.

Sincerely,

Kassi Kiel
