Mike,

On page 3 of MJ-05, where you added to your answer, your marijuana or marijuana product waste disposal procedures must be in the licensed premises of the product manufacturing premises. From storing it during the three day waiting period, to rendering it unusable. Please amend the answer in this box accordingly.

This email does not extend the 90-day deadline to complete this application. That deadline is 5/28/18. Furthermore, if you wish to be on the agenda for the May meeting, I need adequately corrected no later than tomorrow. This time, do not send me the entire MJ-05, I just need the particular page.
