Good afternoon,

I have reviewed the corrections that were submitted. There are further corrections needed:

-Publisher's Affidavit

- The incorrect Publisher's Affidavit was submitted again. The Publisher's Affidavit that was submitted is for License #12963 DBA: Bias Alaskind, LLC. We need the Publisher's Affidavit for License #13881 DBA: Alaskind, LLC. Did you already do the advertising for Alaskind, LLC? If so, please submit the Publisher's Affidavit. If you have not done the advertising for License #13881, please take the Advertisement Notice to a newspaper of regular circulation and advertise once a week for three consecutive weeks. Then, please submit a new Publisher's Affidavit with a copy of the newspaper clipping.

-MJ-02 and MJ-04:

- On the diagram for MJ-02, it is difficult to tell if there are doors leading from the restricted access area to the mechanical/office area. Please clarify if there are doors from the restricted access area, or if the only entrance is the outside office entry. Once this is clarified, there may be further corrections needed on MJ-02 and other forms. For example, if there are no doors, the proposed licensed premises may not include the mechanical/office area. And, if the surveillance room is in the mechanical/office area, then it would be considered offsite, so a change would have to be made to page 7 of MJ-01. Once this is clarified, I can guide you through the other specific corrections needed.
- On the diagram for MJ-02, clearly label all of the doors within the facility.
- On the diagram for MJ-02, clearly label the Surveillance room/area.
- While comparing the calculations from page 2 of MJ-04 and the diagram for MJ-02, the measurements/dimensions are inconsistent. I understand that there are approximations on the MJ-04; however, the numbers need to be consistent with the diagram for MJ-02.
    - For example, the diagram shows the bloom rooms to be 476 sq. ft., while MJ-04 says approx. 480 sq. ft. I understand that 480 is approximately 476, but we need these numbers to match. It also appears that the bloom rooms are 23'x20'8.25'', while MJ-04 says 23'x20'11''. Please adjust accordingly.
    - Additionally, the diagram shows the veg room to be 27'6''x34'11'' (991 sq. ft.), while MJ-04 says 28'10''x34'7'' (990 sq. ft.). I see there is "a small jog in one wall", but there still needs to be consistency. Please adjust accordingly.

Please send any documents/correspondence to marijuana.licensing@alaska.gov.

Respectfully,

**Jacqlene Drulis**

clear representation of the area, however if you would like it condensed to one site plan diagram i will be happy to oblige.
