Good afternoon,

I have reviewed the corrections that were submitted. There are further corrections needed:

-MJ-01:

- Page 2-3: You submitted corrections on the new forms. We cannot combine the new forms and the old form because they are too different. Please either, redo MJ-01 and MJ-04 on the new forms, or make the corrections on the old forms and submit them. Please make sure they are not too blurry to read.
- Page 5: The previous answers are too blurry to read. Please redo the corrections and resubmit. Make sure that the old and new answers are not distorted from the scanning. It must all be legible for the Board to review.
- Page 12: The previous answers are too blurry to read. Please redo the corrections and resubmit. Make sure that the old and new answers are not distorted from the scanning. It must all be legible for the Board to review. Additionally, the storage and disposal processes should be included in the first box where storage and disposal are addressed. The second box should address what materials you will mix with the ground marijuana to make it unusable.
- Page 15, first box: I do not see a submitted correction, as previously requested. Please re-review 3 AAC 306.470 & 3 AAC 306.475 and expand upon your answer to this box describing how you will meet those regulations.

-MJ-02:

- For the two diagrams provided with the restricted access area and flower/veg rooms:
    - On both diagrams, please ***outline*** the entire perimeter of the proposed licensed premises and restricted access area (use separate colors).
    - Additionally, the red marker on one of the diagrams is for restricted access, but the red on the other diagram is the drying curing/storage. This is too confusing; please make the two diagrams compatible.
    - Page 2 of the MJ-04 will need to be answered in order to compare the calculations with the diagrams.

-MJ-04:

- Page 2: I do not see a submitted correction, as previously requested. Please provide a detailed answer in this box that is congruent with the diagram from MJ-02. Be very specific. “See Attached Form” is inadequate.
- Page 3: The previous answers are too blurry to read. Please redo the corrections and resubmit. Make sure that the old and new answers are not distorted from the scanning. It must all be legible for the Board to review.
- Page 4: The previous answers are too blurry to read. Please redo the corrections and resubmit. Make sure that the old and new answers are not distorted from the scanning. It

must all be legible for the Board to review.

- Page 6- Sample label: please re-review the labeling and packaging requirements under 3 AAC 306.470 & 3 AAC 306.475. There are missing items on the sample label. One example is, the warning statements must be included and they must be verbatim. Also, the "……" does not suffice.

-MJ-08:

- Please clarify which Community Council is correct. Your Online Application says, Knik-Fairview Community Council, but your MJ-08 says, Big Lake Community Council. If it is the Knik-Fairview Community Council, then please submit a new MJ-08 reflecting this. If it is the Big Lake Community Council, then please update me so that I can fix it in the system.

-Proof of Possession for Proposed Premises:

- Both individuals must be listed as the lessees/tenants, not the "Doing Business As" (DBA). The DBA may come after the individual names, if preferred.
- Additionally, the amount of rent cannot be $0. Please correct accordingly.

Please send any documents/correspondence to marijuana.licensing@alaska.gov.

Respectfully,

Jacqlene Drulis
