Each table in the veg room totaling to 15sqft for a total of 75sqft. There will also be two grow tents. One is 5ft by 5ft for a total of 25sqft. The other is 4ft by 4ft totaling to 16sqft. Together the tents total to 41sqft. Adding in the 75sqft of veg tables we get 116sqft. Adding 116sqft in vegetation to the 320 in flower I come to a total of 436 square feet under cultivation.
