To the Alaska Alcohol and Marijuana Control Office,

I am writing in opposition to this business location. I have no issue with this type of business, however the proposed location of this one is in the middle of a residential neighborhood. This particular neighborhood is already riddled with illegal drug activity. By allowing this legal business to operate in this residential neighborhood it will simply entice more criminal activity to the area that already has a high rate of theft, vandalism, trespassing, and criminal mischief.

Thank you for your time and consideration in this matter.

Sincerely,

Arthur Sutton
