Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38** of **Alaska Statutes** and **Chapter 306** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Security
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Waste disposal
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising
- Control plan for persons under the age of 21

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05,** or **Form MJ-06)** to meet the additional operating plan requirements for each license type.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Section 2 – Security

Review the requirements under 3 AAC 306.710 – 3 AAC 306.720 and 3 AAC 306.755, and identify how the proposed premises will meet the listed requirements.

Describe how the proposed premises will comply with each of the following:

Restricted Access Areas (3 AAC 306.710):

Describe how you will prevent unescorted members of the public from entering restricted access areas:

All Restricted access areas will be clearly marked & locked securely at all times, as to not let unwanted entering.

Our floor plan and display cases will be designed as physical barrier to prevent diversion of marijuana products .

Only Qualified employees will be permitted into restricted access areas, and will wear our photo id badges at all times.

24/7 surveillance cameras with a clear unobstructed view of any and all areas where it is grown, processed, packaged, or stored, even the garbage area.

The storage medium will have a capacity of at least 40/24hr to confirm the integrity of this process.

Describe your processes for admitting visitors into and escorting them through restricted access areas:

Badge wearing employee must check valid state id and that they 21 years old or over,

all visitors will fill in a sign-in log sheet,

They will obtain a visitor badge after prudent information is verified and loged

They will be escorted at ALL times, no exceptions.

visitors will sign-out log sheet and return badge.

An employee may not escort more than FIVE visitors at a time.

Security Alarm Systems and Lock Standards (3 AAC 306.715):

Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:

This building was designed for commercial use, safety and security were a propriety in its development.

The walkway of the buildings (store front) have strategically placed lights to illuminate the entrances, exits, back & sides of the entire building and parking area to assure viability for safety security.

We also have a city street light that illuminates Kenai Spur Hwy & Evergreen Street, the corner of our lot is an added bonus.

An alarm system is required for all license types. Describe the security alarm system for the proposed premises:

Our alarm system interface allows monitoring from any location and is available to us and our managers, all of us live 5 min away (3min by Google maps) or within 1 miles from the business.

Kenai City police department is also under a mile away.

Sensors will alert us to motion, noise, breaking glass, window opening, door opening.

Our system will cover ever/any where marijuana is grown, processed, stored, dried, sold.

Some systems will operate independently, which is an advantage in itself.

As the industry develops so will the availability of more services to accommodate our needs as they develop.

The alarm system must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe how the security alarm system meets this requirement:

Video surveillance system will continuously record the entire building 24/7

Set sensors will alert us to any motion, door or window opening or closing, glass breaking. Door alarms will be set when closed.

If alarm alerts us we can then see what happing and call police dept that is less than 5 min away.

Form MJ-01: Marijuana Establishment Operating Plan

Describe your policies and procedures for preventing diversion of marijuana or marijuana product:

No marijuana products will be within reach of customers to divert.

Display cases, gates will act as physical barriers to assure separation of areas where products are kept, stored, displayed.

Every restricted area access will be clearly marked and locked.

Employees will be restricted to areas in which their jobs are performed to help prevent diversions.

Marijuana product being stored will be so is restricted secure access area, Strict inventory, monitoring will deters diversion.

Metrk will also help assist in this monitoring. Camera surveillance will also assist. Observation from all our team assure this.

Describe your policies and procedures for preventing loitering:

Any persons not conducting business with a reasonable amount of time will be asked to leave,

There will be no acceptable loitering in or around Majestic Gardens llc premises.

Anyone diverting anything will be fired and authorities will be notified. We have a 0 tolarance policy.

Describe your policies and procedures regarding the use of any additional security device, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm to enhance security of the proposed premises:

We will have strategically placed motion sensors that alert us to movement in or around egress and degrees areas and addition areas as well.

An independent sensor surveillance system that interfaces with our phones will alert us so we can respond accordingly call police.

Sirens - noise of over 110 decibels will sound to discourage / interrupt any robbery attempts.

We have a panic bar reinforced fire exit door in grow area. All windows will have alarm sensors.

As the industry develops so will the availability optional services will become more readily available to utilize.

The building was designed for safety and security being its top priority.

Section 3 – Inventory Tracking of All Marijuana and Marijuana Product

Review the requirements under 3 AAC 306.730, and identify how the proposed establishment will meet the listed requirements.

All licensed marijuana establishments must use a marijuana inventory tracking system capable of sharing information with the system the board implements to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a product, to a completed sale of marijuana or marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

Applicants should be able to answer "Yes" to all items below.

Marijuana Tracking and Weighing:	Yes	No
A marijuana inventory tracking system, capable of sharing information with the system the board implements to ensure tracking for the reasons listed above, will be used	☑	☐
All marijuana delivered to a marijuana establishment will be weighed on a scale certified in compliance with 3 AAC 306.745	☑	☐

Describe the marijuana tracking system that you plan to use and how you will ensure that it is capable of sharing information with the system the board implements:

We will be using the up to date compatible programs along with the Metrc tracking system form 8" to sale. It tracks everything including evaporation and waist. The State of Alaska has spend a lot of money on this system to assure we all have the same information and we have to pay a monthly fee as well.

We will also have a seed to sale interface that is compatible with all systems

We have tech service available, they have a representative for Alaska and have been through the learning curve in other states already and are a reputable company.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Section 8 – Control Plan for Persons Under the Age of 21

Describe how the marijuana establishment will prevent persons under the age of 21 from gaining access to any portion of the licensed premises and marijuana items:

No person under the age of 21 will be allowed. A sign will be posted on door 12" x 12" with letters 1.5 "

We will check identification twice, it must be a State current Photo ID with no appear-ant tampering. with valid date indicating age 21 or over.

We will be diligent keeping our property and parking lot for suspicious behavior or minors waiting in cars.

I declare under penalty of perjury that I have examined this form, including all accompanying schedules and statements, and to the best of my knowledge and belief find it to be true, correct, and complete.
