Jamie,

I am following up on application mentioned on the subject line. It is still incomplete.

Please do not mix correspondence/corrections/documents, what have you, with your application for the cultivation. You keep sending documents that are for one application in the other application's correspondence. It is extremely time consuming to figure all that out when it can be avoided in the first place.

This email does not extend the 90-day deadline you have to get this application complete to avoid having to start completely over with the process. That deadline is 8/8/2018.

- You did not respond to my reference in email dated 6.15.18 of you submitting a brand new MJ-01(new version of application) on 5.29.18 for this application. I am going to assume that the MJ-01 (old version of application) submitted 12.17.17 still stands.
- The master lease must include the clause that the landlord/lessor will not take possession of or remove marijuana or marijuana products from the licensed premises, and AMCO will be contacted. The current statement on the master lease for which you sent a screenshot does not suffice.

Respectfully,

Jane P Sawyer
