Subject: re application for store in butte

Hello...
I am offering my comments of SUPPORT for the cannabis store application in the Butte. I am 63 years old and now hold a cannabis handler's card as well, and hope to be putting in an application for a job, after not working a "day job" for many years.

I also firmly believe that the BUSINESS AND TAXES from cannabis sales WILL be an asset to our community in many ways regardless of the pre-concieved & implanted negativity of those who oppose the use of marijuana/cannabis/pot/herb/ or whatever term one uses referring to it. When one smokes a joint say, in the Butte in their own home, does it really affect the lives of someone in Kenai or Spenard or anywhere in Alaska??? I doubt it. Nor will a medical cannabis patient be any kind of threat to anyone except to the greedy pharmaceuticals companies. I would much rather have a cannabis store and spend my money on that than ANY more prescription pills or doctor visits.

I hope you seriously consider allowing and approving the license for the retail cannabis store at the Butte's Green Store *for our community*. Those who use cannabis medicinally or for recreation would also have better access and not have to drive to Valdez or Anchorage for their product, keeping the business LOCAL.
Thank you.
