Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Glacier Extracts, LLC	**MJ License #:**		10828	
License Type:	Marijuana Product Manufacturing Facility				
Doing Business As:	Glacier Extracts				
Premises Address:	8639 Toloff Street				
City:	Anchorage	**State:**	Alaska	**ZIP:**	99507

Section 2 – Proposed Marijuana Concentrate or Marijuana Product

Enter information for the marijuana concentrate or the marijuana product for which you are seeking MCB approval.

Product Name:	Glacier Gems		
Product Type:	Marijuana product (edible)		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	12 months

Received by AMCO 3.12.18

Approved at August 2018 meeting

Form MJ-16: Proposed New Marijuana Product

Glacier Gems

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Glacier Gems hard candy will be square and small, each piece about 1/2" -1". Colors will vary based on fruit flavors. Glacier Gems will be very hard and consistent with hard candies (not chewy), and one candy will be a single serving.
Ingredients: This box is not applicable to marijuana concentrates.	Powdered sugar, sugar, light corn syrup, water, white vinegar, marijuana concentrate (either Glacier Extracts approved product Glacier Goo [concentrate CO2 oil], Glacier Extracts approved product Glacier Vape Pen Oil [concentrate CO2 oil], or another locally-sourced, lab-tested AMCO-approved manufacturer's marijuana concentrate), food coloring, fruit-flavored extracts
Standard Production Procedure and Detailed Manufacturing Process:	Mix & heat all ingredients. Pour into candy molds. Let cool, and when hard candy is set, remove from mold.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	

Products approved at April 2018 meeting.

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Individual hard candies will be placed inside of a foil tray that slides into a child-resistant exterior paperboard box. Each individual piece of hard candy will contain 5mg THC, and the entire package will have 10 servings (totaling 50mg THC). Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	hard candy   sample of back

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	6 months

Received by AMCO 3.12.18

Glacier Gummies

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	Glacier Gummies will be square and small, each piece about 1/2" - 1". Colors will vary based on fruit flavors. Glacier Gummies will be chewy, and one gummy will be a single serving.
Ingredients: This box is not applicable to marijuana concentrates.	Powdered gelatin, citric acid, corn syrup, marijuana concentrate (either Glacier Extracts approved product Glacier Goo [concentrate CO2 oil], Glacier Extracts approved product Glacier Vape Pen Oil [concentrate CO2 oil], or another locally-sourced, lab-tested AMCO-approved manufacturer's marijuana concentrate), water, sugar, fruit juice, fruit-flavored extracts, oil cooking spray
Standard Production Procedure and Detailed Manufacturing Process:	Slowly add gummy ingredients. Combine all, mixing gently but consistently while adding heat. Remove from heat, and pour mixture into pre-greased molds. Let mold trays cool before attempting to remove gummies from tray.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.
