Form MJ-15: Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, as required by 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type. **The required $250 change fee may be made by check, cashier's check, or money order.**

Please complete and submit with this form the pages of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. **All fields must be completed of any page for which you are requesting changes** – upon board approval, the submitted pages will replace those currently on file. If your current, approved operating plan is on the original version of the forms, you may be required to complete and submit the new operating plan forms in their entirety.

The form(s) that I am requesting board approval to change is:

- ☐ **Form MJ-01:** Marijuana Establishment Operating Plan
- ☐ **Form MJ-03:** Retail Marijuana Store Operating Plan Supplemental
- ☐ **Form MJ-04:** Marijuana Cultivation Facility Operating Plan Supplemental
- ☑ **Form MJ-05:** Marijuana Product Manufacturing Facility Operating Plan Supplemental
- ☐ **Form MJ-06:** Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office prior to changing existing operations. The licensed establishment's operations may not be altered unless and until the director has given temporary approval or the Marijuana Control Board (MCB) has given final approval of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for each license.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Form MJ-15: Operating Plan Change

Section 2 - Summary of Changes

Provide a summary of the changes for which you are requesting approval.

This change to the operating plan allows lower dose versions of already approved cookies to be made. A lower dose cookie will allow for consumers to enjoy more cookies per serving. If a consumer does not want a whole serving, they can still enjoy a whole cookie. The lower dose cookie allows more flexible packaging as detailed below.
The Fido Doodle, Phat Cat Peanut Butter Chocolate Chip, and Larryville Lemon cookies will be packaged in an opaque, resealable, child-resistant mylar bag not to exceed 5mg per serving or 50mg per bag. Our packaging is colored in muted colors (yellow, brown, gold, silver), and is sized for the amounts of servings per package in 3"x3", 4"x6", or 5"x8" bags. They will be offered in a 2.5mg THC potency per cookie and a 5mg THC potency per cookie. The will be packaged in the following amounts:

2.5mg THC potency per cookie **will** be 2 Cookies per serving:
1 serving = 5mg THC per foil bag= 2 cookies
2 servings = 10mg THC per foil bag = 4 cookies
4 servings = 20mg THC per foil bag = 8 cookies

5mg THC potency per cookie will be 1 Cookie per serving:
1 serving = 5mg THC per foil bag = 1 cookie
2 servings= 10mg THC per foil bag= 2 cookies
4 servings = 20mg THC per foil bag = 4 cookies
8 servings = 40 mg THC per foil bag= 8 cookies

Section 3 - Declarations

Read each statement below, and then sign your initials in the corresponding box to the right: Initials

The proposed changes conform to all applicable public health, fire, and safety laws. [SW]

I understand that any temporary approval granted by the director is pending a final decision by the MCB: therefore, any investment I make, based upon temporary approval, is at my own risk. [SW]

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.
