To Whome This May Concern,

my granduaghter on 6/26/17. Who I have custody of, aginst her Dads girlfriend.

Beth Truett owner of the green store on the corner of 11.5 Old Glenn and Plumbly was in court with the girlfriend.

This is what was said; That I let my Granddaughter hang out at my naighbors (she plays with her kids) who Beth ans Aleya say is known drug dealer.

I questioned my naighbor about this.

Her answer was that she traded some of her pain pills for beer and cigs to the employees at that store, and is also allowed to use her food stamp card for said items. And that she knows of others that trade pot for items.

I understand that Beth Truett is also applying for a marijuna licence at 3855 Old Glenn Hwy.

I have issues with that because of my Step-daughter getting killed in the parking lot of that store in 2014 right after the store got there liquer licence, because of a drug deal gone bad. Case Number3PA-14-03362CR

My Mother In Law lives behind that store and she is always complaining about she can't sleep because of the noise going on behind the store all hours of the night.

This has been bothering me it was suggested that I write a letter so here it is.

Thank Yo For Your Time
Georgia K. Hines-Faller
