George,

I reviewed your corrections, still couple more things need to be addressed. This email does not extend your deadline to get this application complete, that deadline is 9/5/18:

- On page 4, third box of MJ-01, add to the answer and explain how the exterior doors are going to be activated with the alarm system when the business is closed, AND in your MJ-04 you state there are no windows, so also state that on this page.
- On page 12, first box of MJ-01, you also need to describe what you will do with liquid waste. Add to your answer.
- The diagram that I attached here, the grayish color is too light, hard to read. Please re-write your labels that are in the gray boxes. Maybe making it bigger would work, but not sure.
- I can't read the overall dimension of the building either.

Thank you

George,

The application is still incomplete, I have not received from you all the corrections outlined in the incomplete letter sent to you on 6.7.18. The following is still pending from you:

- **MJ-01 Operating Plan**
  - Page 3: the sample identification is for a different marijuana business, please make clear on the sample that it is only a sample and not what your licensee/employee/agent identification will look like.
  - Page 4, third box: please add to your answer in this box and describe how you will meet the requirement of the alarm system being activated on all exterior doors and windows when the licensed premises is closed for business.
  - Page 10: the answer you provide in this box is not related to the question being asked.
  - Page 11: aside from the marijuana handler permit, will you be providing in-house training? Please respond in the box.
  - Page 12, first box: to clarify, the three-day notice must be given to AMCO enforcement by email in addition to your recording processes, AND the notice must be given **before** you render the marijuana unusable. Please notate in this box you understand that. ALSO, address liquid waste in this box.
  - Page 12, second box: please add to your answer in this box and describe how you will comply with the marijuana waste to compostable/non-compostable material ratio.
  - Page 15, first box: re-review 3 AAC 306.470, 3 AAC 306.475, and 3 AAC 306.750 and provide an answer clearly reflects your thorough understanding of these regulations. ALSO, please include samples of the label(s) (and logo if you will have any) you will create to comply with these regulations.
  - Page 18: you mention two exterior entries in this box, but I only see one on the diagram. Please correct accordingly.

- **MJ-02 Premises Diagram (you submitted diagrams on 7.10.18, but you stated they were MJ-04 supplemental. Please clarify)**
  - On the diagram of the proposed premises (it's a decent diagram, just minor fixes) please address the following:
    - Remove the camera depictions
    - Outline in color, other than black, the licensed premises and label it.
    - Please label the entrance(s) and exit(s), by the way page 18 of your MJ-01 mentions two exterior entries.
    - What type of structure is it? indicate it on the diagram.

- **MJ-04 Cultivation Supplemental**

- Page 6: just reiterating, please provide samples of the label(s) (and logo if you will have any) you will create to comply with 3 AAC 306.470 & 3 AAC 306.475.

- **MJ-07 Public Notice Posting Affidavit**
  - According to our records, you re-initiated your application on 1/19/2018 to add the unit number to the application. The MJ-07 you submitted does not reflect that you posted the updated Public that the system generated after you re-submitted your online application. Please post the updated Public Notice that should include the unit number at both the proposed premises and another conspicuous location (Three Bears in Big Lake is fine as long as there is a public bulletin board) for five days.
  - You will need to fill out and submit a new MJ-07.

- **MJ-08 Local Government Notice Affidavit**
  - According to our records, you re-initiated your application on 1/19/2018 to add the unit number to the application. The MJ-08 you submitted does not reflect that you re-notified the local government and the community council with the updated Public Notice that the system generated after you re-submitted your online application. Please notify the local government and the community council with the updated Public Notice that should include the unit number.
  - You will need to fill out and submit a new MJ-08.

This email does not extend your deadline to get this application complete or you will have to start all over.

- **Proof of Possession for Proposed Premises**
  - The tenant on the lease must be the entity applying for the marijuana establishment license, in this case Alaskan Dreams, LLC.
  - The lease must include a clause (usually under the "Default" section of the lease) that the landlord/lessor will not remove or take possession of marijuana, and AMCO will be contacted.

It is very important that you submit the above corrections and/or documents as soon as possible. AMCO staff needs adequate time to review the documents and determine if additional corrections and/or documents are necessary to complete your application.
