Re: Response to Incomplete Letter for transfer application for License number 10293 – AK Fuzzy Budz Cultivation.

AMCO Team:

Thank you for your correspondence dated September 20, 2018. Please find the following attachments and/or statements to address your incomplete items:

- MJ-01 Page 4 has been updated to reflect the actions to be taken by a licensee, employee, or agent in the event of breach of security per regulation 3 ACC 306.715(e).

- MJ-02 Corrections:
    - All diagrams have been labeled
    - Regarding your statement asking whether the box labeled secured storage box houses the surveillance equipment, the answer is no it does not – the surveillance equipment is housed in the retail/office area. It is now identified on diagram 1.
    - The area labeled employee entrance and exit is a locked fenced area (its included in the restricted access area), but it does not have any marijuana in this area and there is a door for the entrance – the box labeled secured storage box is a small connex that is within the fenced area and it is for materials (aka NON-MARIJUANA supplies – buckets, packaging material, etc.). The fenced enclosed area is for a security and safety for employees so that an employee can exit the building while still be within a secured fence so that the employee can look for persons who may be lingering around the back of building, before exiting the secured area and heading to their vehicle.
    - Clarifying restricted access area – I did make red hash marks on diagram one to make RAA clear.
    - For appendix A diagram (now labeled diagram two) the line around the

Received by AMCO 9.27.18

fence is now highlighted in orange to make it clear. Again, there is a small enclosed connex inside the fenced area for storage of non-marijuana items.

- MJ-04 – page 6, section 8.1 has been revised to address regulatory requirements of 3AAC306.407(a)(1);
  - The label has been adjusted.

- MJ-17c – Jamie has signed as transferor as directed, but the definition of Transferor is "a person who makes a transfer, as of property." *See dictionary.com.* So technically, Jamie is not transferring any of his interest, he is gaining interest, not transferring it to another person or entity. Regardless, we have complied with your request.
- MJ19 – EIN number has been provided.

- Entity Docs – attached Notice of Change of Officials stamped reverting ownership.

- Publishers' affidavit – it is currently running, and we should have the affidavit any day – we respectfully ask for this license to be included on the October Agenda, with the understanding that as soon as we get the affidavit (which should be any day) we will immediately submit it to your office.

Thank you for your consideration,

Jana D. Weltzin, Esq.
