Re: Marijuana Product Manufacturing Facility #23736

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-02 Premises Diagram**
  - Diagram 1, 2, and 5: the bathroom can be a part of the licensed premises, but it should not be a part of the restricted access area because restricted access areas need cameras, and bathrooms should not have cameras. Please exclude the bathroom from the restricted access area.

- **MJ-05 Manufacturing Supplemental**
  - Page 8 of 8 (Additional Space as Needed): You provided a paragraph on page 8, but I am not sure what it is regarding. Please clarify by saying, "continued on page 8" in the corresponding section, or something similar.
  - Hibiscus Cannabis Spritzer, Section 7:
    - The Product Type was left blank in this section. Please provide the product type.
    - In the Packaging Description field, please discuss the THC per serving and the total amount of THC, and define what constitutes an individual serving. I see that it is on the sample label, but it must also be described in the Packaging Description field.
    - In the Sample Labels field, the ingredients on the sample label do not seem to match the ingredients in Section 6. Please correct accordingly.
  - Spearmint Cannabis Spritzer, Section 7:
    - In the Packaging Description field, please discuss the THC per serving and the total amount of THC, and define what constitutes an individual serving. I see that it is on the sample label, but it must also be described in the Packaging Description field.

- In the Sample Labels field, the ingredients section is quite blurry so it is difficult to tell, however, the ingredients on the sample label do not seem to match the ingredients in Section 6. Please correct accordingly.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

Jacqlene Drulis, Occupational Licensing Examiner
