Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38** of **Alaska Statutes** and **Chapter 306** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Control plan for persons under the age of 21
- Security
- Business records
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Health and safety standards
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05,** or **Form MJ-06)** to meet the additional operating plan requirements for each license type.

Section 2 – Control Plan for Persons Under the Age of 21

2.1. Describe how the marijuana establishment will prevent persons under the age of 21 from gaining access to any portion of the licensed premises and marijuana items:

Kenai River Cannabis will refuse to sell marijuana or marijuana products to any person under the age of 21. Signs will be posted at each entry of the facility and the on doors to the Restricted Access area stating "No one under 21 years of age allowed". The signs will be no less than 12 inches long and 12 inches wide with letters at least 1/2 inches tall. Upon entry to the retail store, a valid form of photo ID will be shown to an employee of Kenai River Cannabis in accordance with 3AAC 306.350. Entry will be denied if a person fails to show ID, or ID appears to be tampered with or altered, or the photo is questionable, or the ID is illegible.

Section 3 – Security

Restricted Access Areas (3 AAC 306.710):

3.1. Describe how you will prevent unescorted members of the public from entering restricted access areas:

Entrance to each restricted access area will be clearly marked with a sign stating "Restricted Access Area. Visitors must be escorted." All restricted access areas and premise areas will be secured against unauthorized entry by locked doors and locked cabinets. Premise doors will be commercial grade security lock doors. Interior doors for packaging and office will be solid core wood doors with entry lock latch. In addition, the facility will be equipped with surveillance equipment that will monitor the facility including the restricted access area.

3.2. Describe your recordkeeping and processes for admitting visitors into and escorting them through restricted access areas:

Visitors must be 21 years age or older and present a valid photo ID. They will be required to sign a visitor's log which includes date and time of entry/exit into the restricted area with the employees authorizing entry initialing next to the visitor's name. They must wear a visitor's badge, and be escorted at all times by the licensee, employee, or agent of the business during their visit. No more than 5 visitors will be allowed in the restricted area at one time.

3.5. An alarm system is required for all license types that must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe the security alarm system for the proposed premises, explain how it will meet all regulatory requirements, and outline your policies and procedures regarding the actions to be taken by a licensee, employee, or agent when the alarm system alerts of an unauthorized breach:

Kenai Alarm, ADT, or equivalent system will monitor all exterior doors and windows. Any breach of the premise will result in notification of authorized phone number(s) and/or local law enforcement authorities. Kenai Alarm, ADT, or equivalent will provide 24 hour alarm surveillance except during normal business hours.

3.6. Describe your policies and procedures for preventing diversion of marijuana or marijuana product, including by employees:

The facility will be equipped with 24 hour surveillance of all customers and employees. All marijuana products will be monitored through the State approved Metrc system which tracks marijuana from seed to sale. If a theft is discovered, immediate termination of employment and notification to local law enforcement may be a result.

3.7. Describe your policies and procedures for preventing loitering:

A "No Loitering" sign will be placed at the main entrance of the building. Employees will frequently make rounds checking to see if there are any individuals loitering on the premise. If so, the employee will ask the person to leave if they are not doing any business with Kenai River Cannabis.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right: Initials

3.8. I certify that if any additional security devices are used, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm, to enhance security of the licensed premises, I will have written policies and procedures describing their use. CP

Video Surveillance (3 AAC 306.720):

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

3.9. The video surveillance and camera recording system for the licensed premises covers each restricted access area, and both the interior and exterior of each entrance to the facility. CP

3.10. Each video surveillance recording: is preserved for a minimum of 40 days, in a format that can be easily accessed for viewing (consistent with the Alcohol & Marijuana Control Office's approved format list); clearly and accurately displays the time and date; and is archived in a format that does not permit alteration of the recorded image. CP

3.11. The surveillance room or area is clearly defined on the Form MJ-02: Premises Diagram that is submitted with this application. CP

3.12. Surveillance recording equipment and video surveillance records are housed in a designated, locked, and secure area or in a lock box, cabinet, closet or other secure area where access is limited to the licensee(s), an authorized employee, and law enforcement personnel (including an agent of the Marijuana Control Board). CP

3.13. Describe how the video cameras will be placed to produce a clear view adequate to identify any individual inside the licensed premises, or within 20 feet of each entrance to the licensed premises:

24-hour video surveillance cameras will be placed so that there will be coverage within 20 feet of all entrances and exits of premise area. All doors, safes, checkout counters, and restricted areas will have 24 hour video coverage that will clearly identify the individuals present.

3.14. Describe the locked and secure area where video surveillance recording equipment and original copies of surveillance records will be housed and stored, and how you will ensure the area is accessible only to authorized personnel, law enforcement, or an agent of the Marijuana Control Board. If you will be using an offsite monitoring service and offsite storage of video surveillance records, your response must include how the offsite facility will meet these security requirements:

All video surveillance recording equipment will be stored in a locked cabinet in the office within the restricted access area which will only be accessible by authorized personnel, law enforcement, or AMCO agent. Recorded data will be stored for a minimum of forty (40) days in a secure locked cabinet.
