Good afternoon,

Your application for your marijuana establishment license has been reviewed, and at this time is considered incomplete. See the attached notice regarding corrections, additional documents, and/or resubmittals that need to be addressed in your application.

Please make sure to read the entire letter. If the submitted corrections are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure. Essentially, we will accept corrections one time within your 90-day deadline period. Feel free to call or email if you need clarification on any items from the Incomplete Notice.

Let us know if you require copies of any documents that were submitted.

If you have any questions or concerns, please address them to marijuana.licensing@alaska.gov.

Sincerely,

Good morning Lance,

Thank you, I have received and reviewed the attached corrections. With the exception of Form MJ-05 and the Food Permit Application, I see that the needed corrections have been made.

I didn't notice an image of the mylar bag in your email attachment, but I will wait for the hard copy to see if it just an issue with the scanned copies as you have noted. The other corrections that I did not see made where specifying the individual serving sizes. Your letter states that serving sizes are depicted on the sample label, but this information also needs to be in the Packaging Description section.

I receive the Food Permit Application, but this application is for a retail store through the Department of Health and Human Services. Has the applicant applied for a Food Permit for a manufacturing facility with the Department of Environmental Conservation?

Please note on the scanned MJ-05: the photos of the mylar bags to be used are not clear. But I have forwarded to you an original of this filing by courier (which you will receive tomorrow) as well which depicts them clearly. For some reason they just did not scan due to opaque color I believe.

Thank you for all you do.

May you and your family have a very Happy Thanksgiving.

Good morning Lance,

Following up on my previous email, I looked at the hard copies of Form MJ-05 this morning and the image of the mylar bag is visible, but still somewhat difficult to see (more so after being scanned). Would you be able to put the image against a slightly darker background so that it shows more clearly?

Good morning Lance,

I have finished reviewing the corrections and see that the serving sizes in the products have been specified, and that the appropriate Food Safety Application was received. The sample images of the mylar bags are still not showing in the product description section (and upon closer review, were not provided for "THC RTD") on the scanned or physical copies provided.

The sample bag for AK Canna-Balm is showing clearly in the scanned copies, so that would be a good image to use for the other products that will be packaged in mylar bags.
