Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Distillate Oil		
Product Type: Choose one.	Marijuana Concentrate		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible/Smokable/Wholesale		

Product Description: Details must include the color, shape, and texture.	Distillate oil with a color ranging from clear to light yellow to dark amber. Oil is usually viscous in nature. Free form shape that fits to container. Distillate Oil will be used as an in-house or wholesale product.
Ingredients:	N/A
Standard Production Procedure and Detailed Manufacturing Process:	Distillate Oil will be extracted from flower or trim using a closed-loop machine with the use of butane and propane. The solution is purged with the use of a vacuum oven and/or roto-evaporator under specified conditions to achieve desired consistency. Crude extract will be further purified through the process of distillation, resulting in distillate oil.The winterized oil will then be heated to a vapor and then cooled and recollected as a highly potent cannabis concentrate.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Distillate oil
Product Type:	Marijuana Concentrate

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Distillate oil will be stored in clean and sanitized containers with sealed lids, up to five (5) pounds in each container. The total volume and weight of oil will vary with each batch. Each batch will be tested by an independent lab to determine the percentage of THC and other test parameters. Distillate Oil will be used inside our facility to produce our products/vape cartridges or to be sold wholesale with the intent to be used in other facilities' products. Each container will be marked with the name of the product, METRC package number, date, test lab, lab license number, strain and test results. After acceptable test results are obtained, it may be infused into edible products. All Distillate Oil will be used inside our facility to produce our products or to be sold wholesale with the intent to be used in other facilities' products.

Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	**Produced By:** Green Growcer **License Number:** 23503 **Product Name:** Distillate **Strain:** **Batch/Lot Number:** **Gross Weight:** **Net MJ Weight:** **OZ(g)** **Best By Date:** **Packaging Date:** **Tested By:** **License Number:** **Total THC:** **THCA:** **CBD:** **CBDA:** **CBN:** **Microbial Test:** **Pesticides:** **Herbicides:** **Fungicides:** **Residual Solvent Test:** **Contaminants Test Result:** Retailer: License Number: **Alaska Safety Warning: Marijuana has intoxicating effects and may be habit forming and addictive.
