Form MJ-29c: License Conversion Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan in conjunction with a marijuana establishment license conversion application. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type.

Please complete and submit with this form the pages of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. All fields must be completed of any page for which you are requesting changes – upon board approval, the submitted pages will replace those currently on file. If your current, approved operating plan is on an out-of-date version of the forms, you may be required to complete and submit the most recent version of the operating plan forms in their entirety.
