Good morning Lance,

I have received and reviewed the attached corrections. Most have been made, but there are a few additional revisions required on Form MJ-02: Premises Diagram and Form MJ-04: Cultivation Supplemental.

On the revised Diagram 1 provided, I see that the 12' by 4' grow area is depicted, but the diagram will need to specify that this grow space is two layers high.

On Form MJ-04, the correction that I had listed for Page 2, Section 4.1 may have been unclear. What was written in the Incomplete Notice was "In the Veg Room Area, dimensions for a double-stacked growing surface are provided. Please identify what this grow space is". What I mean is, what is being used as a growing surface? Are there two tables stacked on top of each other, a rack with two shelves, etc.?

Lastly, on the first MJ-04 that was submitted, sample labels for Sections 8.1 and 8.2 were submitted on the same page. The 8.2 sample label required corrections which were made with this submission, but I still have the page with the correct 8.1 sample label and the incorrect 8.2 sample label on it. Please provide a page with just the sample label for Section 8.1.
