Ingredients:	

Standard Production Procedure and Detailed Manufacturing Process:	Crude oil made from our closed loop hydrocarbon extractor is first winterized (dewaxed in ethanol), filtered by various filter powders, and then ethanol is evaporated in a rotary evaporator. The concentrated solution is then passed through short path distillation equipment where vacuum and heat separate individual cannabinoid and terpenes from the decarboxylated extract according to their unique boiling points and molecular weights.

Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	
Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Distillate
Product Type:	Marijuana Concentrate

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Packaging material: (5ml jar boxes) rigid/cardboard stock, square, top folding box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 1.75" length 1.75" width 1.5" tall. (25ml jar box) rigid/cardboard stock, square, top folding box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 2" length 2" width 1.75" tall (Optional boxes) rigid/cardboard stock, square, magnetic lid box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 1.75" length 1.75" width 1.5" tall Rigid/cardboard stock, square, magnetic lid box, with foam or paper insert. Colors are black, white, or grey, with altered state logo printed on box. Dimensions are 2" length 2" width 1.75" tall Rigid/paper stock, round tube container. Colors are black, white, or grey, with altered state logo printed on tube. Dimensions are 2" wide by 2" tall (Cartridge box) Rigid stock sleeved box, with foam insert in black, grey, or white, with altered state logo printed on box. Dimensions are 1.5" wide 4" long .75" tall. Concentrate containers: glass jars with flat or gloss black or white lids.
