Section 5 – Displays and Sales

5.1. Describe how marijuana and marijuana products at the retail marijuana store will be displayed and sold:

All marijuana and marijuana products will be displayed and dispensed for sales within the designated restricted access area, unreachable to customers. Signage stating, "Restricted Access Area: Visitors Must Be Escorted" will be posted at all restricted access area access points. Marijuana and marijuana products will be displayed in locked, glass display cases, along the wall, in an "island" and behind the display case/point of sale counter and in a cooler behind the display case/point of sale counter. Product displays will be in full view of a working video surveillance camera at all times that marijuana or marijuana product is stored in the display. Marijuana and marijuana products will be secured in a locked case at all times. All employees will be trained and regularly monitored to ensure compliance with the display and closing policies, and that all product is secured and accounted for at all times. A television will be mounted on the wall above the LED fireplace to display a menu of available product. When customers have made their purchasing decisions, they will head to the point of sale counter. All edibles, concentrates, and flowers will be stored behind the point of sale counter. Cashiers will take the customer order and dispense for sales from behind the counter. Concentrates and edibles wi ll all be pre-packaged and labeled. Flower will be sold either pre-packaged or "Deli" style. "Deli" style flower will be displayed in large glass jars (behind the point of sale counter) with batch labeled strains. Employees will take customer orders at the point of sale counter and weigh the flower using a certified scale. Once weighed to the desired amount, the employee will register the purchase in the POS system which integrates with METRC, seal the product into a child-resistant container, and print the packaging label. The prepackaged products will be displayed in the glass display cases located within the restricted access area. The store will also buy bulk marijuana and roll their own pre-roll marijuana joints and package them in accordance with the regulations and place into pre-labeled mylar bags. Any edibles requiring refrigeration will be stored in a refrigerator behind the point of sale counter in the restricted access area. Employees will ensure that each marijuana product is in fully opaque and child-resistant packaging before a customer exits the store with it.
