Alaska Marijuana Control Board

Form MJ-15: Operating Plan Change

What is this form?

This operating plan change form is required for all marijuana establishment licensees seeking to change a licensed marijuana establishment's existing operating plan, as required by 3 AAC 306.100. With this form, a licensee may request changes to as much or as little as desired of Form MJ-01 and/or the corresponding operating plan supplemental for the establishment's license type. **The required $250 change fee may be made by check, cashier's check, or money order.**

Please complete and submit with this form the pages of Form MJ-01 and/or the corresponding operating plan supplemental that contain sections that you are requesting to change. **All fields must be completed of any page for which you are requesting changes** – upon board approval, the submitted pages will replace those currently on file. If your current, approved operating plan is on the original version of the forms, you may be required to complete and submit the new operating plan forms in their entirety.

The form(s) that I am requesting board approval to change is:

- ☐ **Form MJ-01:** Marijuana Establishment Operating Plan
- ☐ **Form MJ-03:** Retail Marijuana Store Operating Plan Supplemental
- ☐ **Form MJ-04:** Marijuana Cultivation Facility Operating Plan Supplemental
- ☑ **Form MJ-05:** Marijuana Product Manufacturing Facility Operating Plan Supplemental
- ☐ **Form MJ-06:** Marijuana Testing Facility Operating Plan Supplemental

This form must be completed and submitted to AMCO's main office prior to changing existing operations. The licensed establishment's operations may not be altered unless and until the director has given temporary approval or the Marijuana Control Board (MCB) has given final approval of the changes. Please note that licensees seeking to change operating plans for multiple licenses must submit a separate completed copy of this form for each license.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	High Tide Farms, LLC	**MJ License #:**	12482		
License Type:	Marijuana Concentrate Manufacturing Facility				
Doing Business As:	High Tide Farms, LLC				
Premises Address:	6875 West Snuffy's Rd				
City:	Wasilla	**State:**	Alaska	**ZIP:**	99623

Form MJ-15: Operating Plan Change

Section 2 – Summary of Changes

Provide a summary of the changes for which you are requesting approval.

Adding products to our MJ-05 Vape Juice.
Page 4,
Add terpenes to used as a thinner for the Rosin cartridges
Add CBD disillate that has been endorsed by the State of Alaska's Hemp program to our Rosin distillate to make a 1:1 THC/CBD cartridge.

Section 3 – Declarations

Read each statement below, and then sign your initials in the corresponding box to the right: Initials

The proposed changes conform to all applicable public health, fire, and safety laws. [KL]

I understand that any temporary approval granted by the director is pending a final decision by the MCB; therefore, any investment I make, based upon temporary approval, is at my own risk. [KL]

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Form MJ-05: Marijuana Product Manufacturing Facility

Section 4 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520 - 3 AAC 306.525 and 3 AAC 306.560, and identify how the proposed establishment will meet the listed requirements. **Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.**

Product Name:	Rosin Juice
Type:	Rosin Vaporizing Juice

Product Description: Details must include the color, shape, and texture.	Extract will be a golden color in a liquid form.

Ingredients: This box is not applicable to marijuana concentrates	Wax Liquidizer and its contents are FDA approved products which contains lab medical grade propylene glycol or "PG". This will be the thinner used in the rosin to make the vape juice. Terpenes will also be used to thin the rosin. CBD distillate endorsed by the State of Alaska hemp program will also be added to the Rosin Distillate to make 1:1 THC/CBD cartridges.

Standard Production Procedure and Detailed Manufacturing Process:	Product to be extracted will be put in between parchment paper and installed into the rosin press. It will then be heated to 220 degrees and pressed with 15,000- 20,000 psi to extract the rosin. Once all the rosin has been extracted the pressure will be released and the parchment paper will be put into a fridge/freezer to cool. Once extract is cold, it will be weighed. The formulation will be ~ 1to1 mixture with the wax liquidizer to make the correct consistency for vaporizing pens. Once the correct consistency has been made in a bulk batch the product will be manifested and shipped to a licensed testing facility.

Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	Extract will be a golden color in a liquid form.

Approved at Feb. 2019 meeting

Alaska Marijuana Control Board

Operating Plan Supplemental
Form MJ-05: Marijuana Product Manufacturing Facility

Section 5 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520 and 3 AAC 306.565 – 3 AAC 306.570, and identify how the proposed establishment will meet the listed requirements. **Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.**

Product Name:	Rosin Vape Juice
Type:	Rosin Vaporizing Juice

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Attached photos, drawings, or graphic representations are preferred.	The package container will be in a variety of colors using pre-loaded vaporizing cartridges. The container will be labeled by High Tide Farms with the testing results and warnings that are required in 3 AAC 306.565. The product will be packaged to individual sizes from 0.5-1 gram. We would also like to add hemp/ocean recycled plastic packaging by SANA packaging,this packaging would be use for bubble hash, rosin, rosin crumble, vape pens and rosin distillate. Containers meet the standards required as per state regulations.

Sample Labels: Provide sample labels showing how the labeling information required in 3 AAC 306.570 will be set out.	Serving size amount Total THC and CBD from testing results Warning:(A) "Marijuana has intoxicating effects and may be habit forming and addictive"; (B) "Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence"; (C) "There are health risks associated with consumption of marijuana"; (D) "For use only by adults twenty-one and older. Keep out of the reach of children."; (E) "Marijuana should not be used by women who are pregnant or breast feeding.". High Tide Farms 12482
