Mr. Schactler,

Thank you for submitting the plan review and food establishment permits to the ADEC Food Safety & Sanitation Program (FSS). After reviewing the applications, it has been determined that a food establishment permit is not required for your facility, High Rise, because you will not have any edible, food, or beverage products stored or sold for human consumption. If in the future you decide to have food or beverage products, please contact our office to discuss the permitting requirements to do so.

If you have any questions, please let me know and I would be happy to address them for you.

Thank you,

Carol
