Re: Marijuana Concentrate Manufacturing Facility #27573

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-02 Premises Diagram**
  - The lease states that the premises are to be used as a residence (and marijuana…), my question is: what part of the premises is being used as the residence? Is it inside the licensed premises? Or is it another building on the property? Can you please clarify this on the diagram. Perhaps you mentioned it somewhere and I missed it.

- **MJ-05 Manufacturing Supplemental**
  - Page 3, 4.2: please add to your answer in this box that reflects that you understand that waste disposal notices must be in writing on the form the board prescribed https://www.commerce.alaska.gov/web/Portals/9/pub/MCB/MarijuanaApplication/MJ-25.pdf , and then emailed to our office to the email address on the form.

- **List of Products Submitted (with corrections indicated if needed):**
  - **1 – Bubble Hash Rosin:** in the production detail box, you state you will use the Bubble Hash proposed product, but which Bubble Hash? The Full Melt or Full Spectrum or a different one? Please correct accordingly.

  - **2 – Dri Sift:** complete.
  - **3 – Dri Sift Rosin:** complete.
  - **4 – Flower Rosin:** complete.
  - **5 – Full Melt Bubble Hash:** complete.
  - **6 – Full Spectrum Bubble Hash:** complete.

- **7 – Hash-Infused Pre-roll:** this product is not a product that can be made by a concentrate- only manufacturing facility. It is comprised of flower/trim and rosin (rosin being the concentrate). Please remove it. If you do not agree, I welcome an explanation of how you believe this is a product that is allowed to be made by a concentrate-only manufacturing facility.

- **8 – Hash Rosin Badder:** complete.
- **9 – Hash Rosin Cartridge:** complete.
- **10 – Hash Rosin Jam:** complete.
- **11 – Hash Rosin Oil:** complete.
- **12 – Kief:** complete.
- **13 – Live Rosin:** complete.
- **14 – Pressed Hash (liquid looking thing):** complete. (not sure if there will be confusion about the product name).
- **15 – Pressed Hash (ball, puck, brick):** complete. (not sure if there will be confusion about the product name).
- **16 – Pressed Hash Rosin:** complete.
- **17 – Raw Terpenes:** complete.

- **18 – Rosin Drops:** on the packaging section of this, how is the servings demarcation on the purple bottle going to look like? AND, the last paragraph in this same section starts with Resin Drops, shouldn't it be Rosin Drops?

- **19 – Sauce & Diamonds:** complete.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter. This deadline is August 19, 2021.
