Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Great Northern Manufacturing, Inc.	**MJ License #:**		17336

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	THC infused bath bomb. Bath bombs will be assorted colors including natural white, off-white, yellow, red, blue, green, orange, gray and charcoal. They will be shaped as round discs with a cannabis leaf relief on them. They will be sandy/granular in texture.
Ingredients:	Baking Soda, Citric Acid, Epsom Salts, Corn Starch, Water, Mineral oil or Coconut oil, Full Extract Canna Oil, Essential oils, Natural coloring. This product may include added terpenes or CBD isolate.
Standard Production Procedure and Detailed Manufacturing Process:	Combine dry ingredients. Mix in the wet ingredients to the dry and combine until homogeneous. Compress the mixture into a mold. Remove the compacted bath bomb from the mold. Let the bath bomb air dry. After the bath bomb is dry, wrap with shrink wrap and secure shrink wrap with a heat gun.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	See attached photos. AMCO DEC 16 2020

Section 4 – Proposed Product Packaging and Sample Label

Enter information for the packaging and labeling of the marijuana product for which you are seeking MCB approval.

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Product packaging will be a clear or opaque wrapper sealed with a adhesive label. Product may be packaged in sizes ranging from 3.5 - 12.0 oz. Product will contain 50-500 mg THC depending on packaging size. Product will be sold in either sealed mylar bag, or will be placed in an opaque, resealable child-resistant exit packaging at the point of sale and will be placed in an additional exit bag upon purchase if necessary. See attached image.
Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	See attached photos. AMCO DEC 16 2020

As a marijuana establishment licensee, I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.
