Re: Standard Marijuana Cultivation Facility #21086

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-00 Application Certifications**
  - David, and Bryan, other than license 18190 are you planning on having an ownership interest in, or a direct or indirect financial interest in another marijuana establishment license? If you are not, please check the 'No' box. Either way, please remove the reference of 18190 since it is no longer an active application. I need this on the MJ-00 for each of you.

- **MJ-01 Operating Plan**
  - Your MJ-01 is missing a continuation page. Pages 5, 7, and 8 reference 'Continued on last page', but that page was not included in this MJ-01.

- **MJ-02 Premises Diagram**
  - On your diagram #1.1 (you show the ground and second floors), remove the green outline off the outside stairs, you are not requesting the outside stairs to be licensed premises, correct?
  - Your two floors are connected internally, correct?

- **MJ-04 Cultivation Supplemental**
  - Page 4, 5.2: there is a statement of your marijuana waste being stored away in a locked container located against the exterior of the building and within a fenced in area. Is this accurate? I don't see reference of the container or the fenced in area on the diagram which, by the way, would need to be accessible through the interior of the cultivation and be a contiguous licensed area.

deemed as waste by the MCB, AMCO Enforcement, or Director. Marijuana waste will be stored away from all other marijuana n a locked container located against the exterior of the building and within a fenced in area, and will be rendered unusable prior

Please correct this section accordingly.

It is very important that you submit the above corrections and/or documents as soon as possible so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

Jane Sawyer, Occupational Licensing Examiner

Hello,

Your marijuana establishment license application has been reviewed, attached is correspondence regarding corrections, additional documents, and/or resubmittals that need to be addressed.

Please make sure to read the entire letter. If the submitted corrections are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure. Essentially, we will accept corrections one time within your 90-day deadline period. Feel free to call or email if you need clarification on any items from the Incomplete Letter.

Please let me know if you need copies of the transfer paperwork I have. I want to make sure you receive this email and its attachment first. Send any documents/correspondence to marijuana.licensing@alaska.gov

Hello,

Here is what I need for the revised diagram you sent:

- The colors and text are fading, please remark them as you do the fixings to the diagrams. I won't be able to see them if you don't.
- I can't see the, what I think is blue color, for the licensed but not restricted access area.
- Diagrams 1, 2, and 3 need dimensions.
- First floor diagram, what are the rooms that don't have labels? Label them very generally.
- First floor diagram, which one is the entrance to the building? Label it.
- Second floor diagram, I need the green outline/licensed premises to be tightly around the perimeter of the walls (you are not licensing the outside).

This email does not extend the 90-day deadline for you to complete this application. That deadline is 8.7.19. Furthermore, I will need the diagram complete and accurate no later than 6.21.19 if you wish the application to be on the July meeting agenda.

Thank you
