Hello,

I reviewed the corrections. The application is still incomplete, I will outline below. This email does not extend the 90-day deadline to complete your application as stated in the original Incomplete Notice, that deadline is 10.9.19. Furthermore, the deadline for the September 2019 meeting is 8.23.19.

- The MJ-08 (for the Borough) is not signed and notarized.
- MJ-02 Premises Diagram (your revised one):
  - Diagram 1&2:
    - I really need the red lines on the counter to be very much similar to the lines that depict the restricted access area (maybe use a fine point, black-ink pen and a ruler).
    - On the main level, what is the room that is just white, not labeled but part of the licensed premises, by the stairs?
    - The upper level-private residence, this private residence has its own entrance, correct?
  - Diagram 3&4, and Diagram 5: don't label the building "licensed premises", NOT the entire the building is the licensed premises, correct? find a word or two to simply point out that this is the building where the retail will be. Or am I not understanding this correctly?

ALSO, to answer comment on your Response to Incomplete letter regarding page 5 on MJ-01—mistake on my part, disregard.

Thank you

Re: Retail Marijuana Store #21170

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-00 Application Certifications**
  - Chong, and Dae, re-read the statements on page 3 of each of your MJ-00. The third statement should not have been initialed. Correct your MJ-00.

- **MJ-01 Operating Plan**
  - What is the main contact email address you want to use akjustin131@gmail.com (from your MJ-01) or landahotpot@gmail.com (from your online application)? We can only enter one main contact email address. If you do not respond to this question, the main contact email address will be changed to akjustin131@gmail.com .
  - Page 2, 2.1: re-read your entire answer in this box including your continuation of it on page 11, this sounds more of a cultivation facility than a retail store. To start, you state the entire premises will be designated as a restricted access area, but this is a retail store not a cultivation. Provide a more appropriate answer to this question.
  - Page 5, 3.14: add to your answer in this box and describe how you will meet the requirement under 3 AAC 306.715(e).
  - Page 6, 4.2: FYI, six months of records must be maintained on/within the licensed premises of the retail store.

- **MJ-02 Premises Diagram**
  - Diagram 1&2:
    - are the stairs outlined in purple/burgundy=licensed premises inside the building or outside? If they are outside, then maybe they should not be licensed, but I do not know, I need more information from you. Call me.

        - the Display Counter that is NOT lined as restricted access area: will you be storing, stocking, or dispensing for sale from this counter? If you are, this counter must be lined/marked to be part of the Restricted Access Area.
    - Diagram 3&4:
        - Since not the entire building will be licensed premises, correct? re-label the yellow box to simply indicate that this is the building in which your retail marijuana store will be.
    - Diagram 5:
        - Since not the entire building will be licensed premises, correct? re-label the yellow box to simply indicate that this is the building in which your retail marijuana will be.
        - The buildings or structures surrounding your building, what are they? Please label them.

- **MJ-03 Retail Supplemental**
    - Page 6, 2.1 continuation: FYI, your view/smell sample jars must be the requirement under 3 AAC 306.325(d).
    - Page 4, 6.1: add to your answer in this box and describe how you will meet the 'exit-packaging' requirement under 3 AAC 306.345(a)(3).

- **MJ-08 Local Government Notice Affidavit**
    - Provide a copy of your Public Notice to the Northwest Arctic Borough, you only notified the City of Kotzebue but you must notified both the City and the Borough.
    - Fill out an MJ-08 after you notify the Borough and submit it to me in your corrections packet.

It is very important that you submit the above corrections and/or documents as soon as possible so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

Jane Sawyer, Occupational Licensing Examiner
