# OBJECTION(S)

TO: Cosmic Seaweed LLC license #21417 @ 261 E. Bunnell Ave, Homer,
Alaska 99603

RE. Application for a retail marijuana store located at the Bunnell Ave address.

I have filed a formal complaint regarding the licensing of building and operating a marijuana business located in the Old Towne part of Homer.

My reasons stated in my letter to AMCO dated May 25th clearly states the location is not compatible with surrounding business. To have the path that leads from the AK Islands and Oceans Visitor Center end up by your proposed business location would really be bad. Right now you have nothing to start a business but a gravel dead end street, trailers and outbuildings.

This area of town is well know by the local law enforcement agencies being a prime location for drug abuse. As I stated in my note to AMCO, Bad idea, bad location.

With two other locations proposed for marketing Marijuana and their products, it would seem there are no limits to the number of possible applicants. I will also be notifying the City of Homer of my objections.

This was mailed today May 31, 2019 as formal notice according to 3 ACC 306.300 because my objections to said business.

Eileen Becker, Homer, Alaska
