Wholesale Supplier Fee Schedule

What is this document?

A new or renewal application for a wholesale license must be accompanied by a completed Form AB-25: Supplier Certification for each distiller, brewer, vintner, or importer of each product line of alcoholic beverages that the wholesale applicant has purchased or intends to purchase, offer for sale, or sell, as well as a biennial supplier filing fee, as required by AS 04.11.160(e).

An electronic, fillable copy of Form AB-25 is available on AMCO's website (above).

In addition to the license, application, and wholesale business transaction fees, a supplier filing fee must be submitted to AMCO's main office before any new or renewal wholesale license application will be considered complete.
