Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Fire Eater Marshmallows
Product Type:	Edible

Packaging Description:
Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.

1 serving = 1 mallow = 5mg
2 servings = 2 mallows = 10mg
3 servings = 3 mallows = 15mg
4 servings = 4 mallows = 20mg
5 servings = 5 mallows = 25mg
6 servings = 6 mallows = 30mg
7 servings = 7 mallows = 35mg
8 servings = 8 mallows = 40mg
9 servings = 9 mallows = 45mg
10servings = 10 mallows = 50mg

Current packaging: white exit bag, with label applied to the outside, and mallows inside heat sealed poly film.

Once we have run through our current packaging inventory, we would like to switch to a more compact eco-friendly packaging. This would eliminate the inner plastic tray, while containing the mallows inside a sealed plastic insert. An image of the new packaging is included on the following pages

Sample Labels:
Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.

Current label, packaged in a white exit bag, these lables will become obsolete with the new packaing

New packaging: child resistant plastic clamshell package inside of printed boxes.
Serving: 1 candy = 5mg THC, package sizes vary from 1(5mg) serving, to full 10serving (50mg) packages.
