Alaska Marijuana Control Board

Operating Plan Supplemental

Form MJ-05: Marijuana Product Manufacturing Facility

What is this form?

This operating plan supplemental form is required for all applicants seeking a marijuana product manufacturing facility license and must accompany **Form MJ-01: Marijuana Establishment Operating Plan**, per 3 AAC 306.020(b)(11). Applicants should review **Chapter 306: Article 5** of the **Alaska Administrative Code.** This form will be used to document how an applicant intends to meet the requirements of the statutes and regulations.

If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020 and 3 AAC 306.520(3).

What additional information is required for cultivation facilities?

Applicants must identify how the proposed establishment will comply with applicable regulations regarding the following:

- Equipment, compounds, and processes to be used
- Waste disposal
- Testing procedure and protocols
- Proposed marijuana concentrates and marijuana products
- Proposed product packaging and sample labels
- Prohibitions

This form must be completed and submitted to AMCO's main office before any new or transfer application for a marijuana product manufacturing facility or marijuana concentrate manufacturing facility license will be considered complete.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Will's World, LLC	**MJ License #:**	12536		
License Type:	Marijuana Concentrate Manufacturing Facility				
Doing Business As:	Will's World				
Premises Address:	12151 E Palmer-Wasilla Hwy, Unit 1C				
City:	Palmer	**State:**	Alaska	**ZIP:**	99645

Received by AMCO 3/14/2022

Section 2 – Overview of Operations

2.1. Provide an overview of your proposed facility's operations. Include information regarding the intake, flow, and transfer of marijuana, marijuana concentrate, and marijuana product at and from your premises:

All shipments of marijuana and marijuana product that arrives at the facility will be first inspected by the licensee or designated employee before being accepted and entered as inventory. The shipment contents will be reconciled with the transport manifest, shipment labels and packaging labels to ensure consistency. All product will be weighed by Will's World and reconciled with the weight listed on the manifest and labels. Any shipments with discrepancies will be rejected. Shipments that pass initial inspection will be accepted into the facility, immediately entered into Metrc and added to the inventory log. All marijuana and marijuana products will be tracked in Metrc from intake into the facility, to the use in the facility, to manifested out of the facility to another licensed establishment, or to waste disposal. The marijuana and marijuana products received by the facility shall be used as-is and/or repacked for direct consumer sale by a licensed retail establishment or used to create concentrates in the Will's World facility. Will's World may purchase marijuana in bulk from other licensed facilities and then re-package the bulk marijuana from licensed marijuana cultivators into appropriate unit sizes for direct consumer sale in accordance with either the transferring licensed facility's operating plan or Will's World's currently approved operating plan and approved packaging/labeling. Any waste will be disposed of and tracked in Metrc and in the waste reporting form that will be sent to Enforcement. Final products (concentrates or re-packaged marijuana flower/bud) will be transferred to another licensed facility for sale to consumers. The intent of Will's World is to be both a producer of marijuana concentrates and assist other producers who lack the facilities and employees to package their products for direct consumer sales. Will's World will reconcile each transfer to or from another licensed facility with Metrc and the inventory on hand to ensure consistency and to resolve discrepancies immediately. A random sample of each product manufactured at the facility will be sent to a licensed testing lab before being transfered to another licensed facility and the remainder of the production lot will be segregated from all other product until the testing results are received. Once passing testing results are received from the testing lab, marijuana products will be packaged and labeled in compliance with AMCO regulations. Continued on Page 8...

Section 3 – Equipment and Compounds to be Used

Review the requirements under 3 AAC 306.555.

3.1. Describe the equipment and solvents, gases, chemicals, and other compounds the marijuana product manufacturing facility will use to create marijuana concentrates:

Fine stainless steel or nylon mesh screens
A food mill may be sued to grind plant material into a powdered consistency
Heat-resistant nylon bags and heated metal plates attached to a hydraulic press.
Food grade plastic containers
Ice machine, chest freezers and dry ice.
Closed loop hydrocarbon extractor, butane, N-butane, Iso-butane, ethanol and a Vacuum oven
Ethanol extractor
Evaporator
Pre-roll machine

Section 4 – Waste Disposal

Review the requirements under 3 AAC 306.740.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right: Initials

4.1. The marijuana product manufacturing facility shall give the board at least three days written notice required under 3 AAC 306.740(c) before making marijuana waste unusable and disposing of it. JH

4.2. Describe how you will store, manage, and dispose of any solid or liquid marijuana waste, including expired or outdated marijuana or marijuana product, in compliance with any applicable laws. Include details about the material(s) you will mix with ground marijuana waste and the processes that you will use to make the marijuana waste unusable for any purpose for which it was grown or produced:

Will's World anticipates the following marijuana plant and product waste at the marijuana facility; (1) contaminated or infected marijuana or marijuana products (2) marijuana or marijuana products (concentrates) deemed by the licensee or manager as unfit for sale or consumption for any reason (3) marijuana product that fails lab testing (4) marijuana plant waste created during the extraction process (5) marijuana or marijuana product that becomes expired (6) other marijuana or marijuana product waste as determined by the MCB. Once marijuana or marijuana product is deemed as waste it will be separated from all other marijuana and marijuana proudcts and securely stored in locked bins on the licensed premises. At least three days prior to rendering the waste unusable, the waste will be recorded in Metrc and an email notification will be sent to AMCO enforcement on a form prescribed by the board. All solid marijuana plant waste (plant matter waste from the extraction process such as plant matter that is pressed/squeezed to extract oil) and marijuana proudct waste will be ground and mixed with other solid compostable or non-compostable waste such as paper waste, plastic waste, cardboard waste, food waste, yard waste, vegetable grease or oil and soil until the mixture is no more than 50% marijuana waste. Liquid marijuana waste, such as concentrates, will be mixed with at least equal parts of non-marijuana waste and stored away from all other marijuana products in a locked waste container. If mixed with compostable waste containers will be picked up by a waste truck or a designated employee to deliver to a landfill. The logged information will be securely stored and will be made available, upon request, to AMCO at any time.

Section 5 – Testing Procedure and Protocols

Review the requirements under 3 AAC 306.520 and 3 AAC 306.550.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right:	Initials
5.1. I will ensure that any individual responsible for collecting random samples for required laboratory testing under 3 AAC 306.550 will prepare the necessary accompanying signed statement, provide the signed statement to the marijuana testing facility, and maintain a copy as a business record under 3 AAC 306.755.	JH

Answer "Yes" or "No" to the following question:	Yes	No
5.2. Will the marijuana product manufacturing facility be performing in-house testing (as defined under 3 AAC 306.990(b)(20)?	☐	☑

If "Yes" to 5.2, you must be able to certify the statement below. Read the following and then sign your initials in the box:	Initials
5.3. The area where in-house testing will occur is clearly identified on the Form MJ-02: Premises Diagram that is submitted with this application.	JH

5.4. Describe the testing procedures and protocols the marijuana product manufacturing facility will follow:

Will's World will have a responsible licensee or designated employee collect a random sample from each production lot to be sent to a licensed testing facility. The licensee or designated employee will sign a statement certifying that the sample was randomly selected. A copy of the signed statement will accompany the sample to the testing facility and another copy will be maintained on site as a business record. The sample will be transported to the testing facility by a Will's World employee who holds a valid marijuana handler permit or by a third party transport company who has valid marijuana handler permits. The remainder of the production lot will be quarantined in secure containers, separate from other marijuana and marijuana products, until the testing results are received. During the quarantine period, all product will be securely stored on site and kept cool and dry to prevent contamination or loss of efficacy. Testing results will be stored on site as an official business record and will be made available to AMCO upon request.

Section 8 – Prohibitions

Review the requirements under 3 AAC 306.510.

8.1. I certify that the marijuana product manufacturing facility will not: Initials

a. **sell, deliver, distribute, or transfer any marijuana, marijuana concentrate, or marijuana product directly to a consumer, with or without compensation;** JH

b. **allow any person, including a licensee, employee, or agent, to consume marijuana, marijuana concentrate, or marijuana product on the licensed premises; or** JH

c. **manufacture or sell any product that is an adulterated food or drink, closely resembles a familiar food or drink item including candy, or is packaged to look like candy, or in bright colors or with cartoon characters or other pictures or images that would appeal to children.** JH

I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.
