Re: Standard Marijuana Cultivation Facility License #20829

Dear applicant,

The AMCO Office has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **Online Application**
  - Michael Cervantes was not listed as an Entity Official on this application. Your application has been reverted to "New" status so that you can update the list of Officials on the Online Application through MyAlaska. Once you resubmit the application, a new Public Notice and Advertisement notice will be created. Save these documents for your corrections and records.
- **MJ-00 Application Certifications**
  - Page 2, Section 4 – Certifications for Naomi Johnson:
    - One of the statements on this page was not signed. Unless this was in error, please provide a written statement describing why the statement cannot be signed.
- **MJ-01 Operating Plan**
  - Page 2, Section 3.1:
    - The phrase "…with outdoor lighting to ensure the 24 hour video surveillance system can capture individuals approaching" repeats itself twice in your response. Please revise this sentence.
  - Page 6, Section 4.2:
    - The office where records are stored appears to be located on the premises of proposed Retail Marijuana Store Good Titrations, License #20827. 3 AAC 306.755(a)(1) requires that records from the current six months be kept on the licensed premises of this establishment.
  - Page 9, Section 9.1:
    - Please be specific regarding the intended signage for this facility.

- **MJ-02 Premises Diagram**
  - Diagram 1 &2:
    - The office is designated as part of the licensed premises of this establishment, but the licensed premises must be contiguous. This office is already designated as part of the proposed licensed premises for #20827.
    - Please remove the yellow outline around the restrooms, as this area is already designated as the licensed premises of #20827.
    - The color used to depict the restricted access area and shared video surveillance area appears to be the same. Can you use different colors to label these areas?
  - The Diagram labeled Diagram 3, 4, & 5 appears to be adequate to meet the requirements of Diagram 4, but not 3 or 5.
    - For Diagram 3, please provide a site plan, as-built, or similar diagram, but not an aerial photo.
    - Diagram 5 should be a diagram of the entire building (similar to Diagram 1 and 2), that distinguishes this licensed premises from other licensed premises in the building, and unlicensed areas.
- **MJ-04 Cultivation Supplemental**
  - Page 2, Section 4.1:
    - The overall square footage of the flowering area and cloning/mother room was provided, but please also include the dimensions of these areas.
    - The response references a vegetative area, but dimensions and overall square footage for this area was not included.
  - Page 3, Section 4.6:
    - Captain Jack's does not appear to be on DEC's list of approved pesticides. What is this product's EPA registration number?
  - Page 6, Section 8.1:
    - The response starts with "Marijuana will be packaged for retail in wholesale packages not exceeding one ounce", but Section 8.2 states that marijuana will be packaged for wholesale in packages up to five pounds. Is the word "wholesale" in the 8.1 response a typo?
  - Section 8.1 and 8.2:
    - Sample labels showing compliance with 3 AAC 306.475 are required with each of these sections.
- **MJ-07 Public Notice Posting Affidavit**
  - The public notice requirements must be completed within ninety days of submitting all application documents and fees, but this public notice was completed in February 2019. Due to this and the corrections needed on the online application, it will be necessary for you to post the corrected Public Notice at the premises and one other conspicuous location for **ten days**. Afterward, complete and submit a new MJ-07.
- **MJ-08 Local Government Notice Affidavit**
  - Due to the corrections needed on your Online Application, you will need to provide the corrected Public Notice to the City of Fairbanks and the Fairbanks North Star Borough. Afterward, complete and submit a new MJ-08.
- **Entity Documents**
  - A list of all officers and shareholders (including ownership percentage) for FSE, Inc. is needed with your application.
- **Applicant's Alaska Residency**
  - Alaska residency for Jeffrey Weltzin, Curtis Franklin, Billie Jo Behring, Joshua Spence, Martin Tacke, Naomi Johnson, Frank Berardi, Judy Bath, Dawson Carroll, Craig O'Donoghue, and Lynn Crane could not be verified.

- If they plan to apply for the 2020 Permanent Fund Dividend, I would encourage that they apply as soon as possible. Let us know via email when eligibility is resolved.
- If they do not plan to apply for the Permanent Fund Dividend, please let me know separately via email.

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter.

Respectfully,

TJ Zielinski, Occupational Licensing Examiner

Resending with the Due Date Listed:

Good afternoon,

I have reviewed your applications for three marijuana establishments, but at this time your applications are considered incomplete. See the attached notice regarding corrections, additional documents, and/or resubmittals that need to be addressed in your applications.

Please make sure to read the entire notice. If the submitted corrections for your applications are inadequate to deem your applications complete, or your applications are still incomplete after ninety (90) days from the date of these notices, your applications will be returned to you in accordance with 3 AAC 306.025(e)(1) and 3 AAC 306.025(f). Should you wish to continue pursuing licensure, it would be necessary to file new applications and pay new fees.

Ninety-day Due Date: 4/28/2020

Let us know if you require copies of any submitted documents, and feel free to call or email if you need clarification on any items in the Incomplete Notices. Correspondence should be sent to marijuana.licensing@alaska.gov.

Good morning,

I finished reviewing the corrections submitted for this application and most have been made, but there are some additional documents and items needed to deem this application complete.

- Form MJ-02: Premises Diagram
  - Additional details are required for Diagram 5. This diagram must also include labels for the other licensed premises within the building.
- Form MJ-04: Cultivation Supplemental
  - I looked up the EPA registration provided for Captain Jack's (4-479), but I do not see it listed on DEC's list of approved pesticides. Please remove this product from this section.
- Form MJ-08: Local Government Notice Affidavit
  - It was necessary to provide a corrected Public Notice to both local governments, and the form indicates that this was done on January 30, 2020. However, this application was not resubmitted in MyAlaska until February 3 so a corrected Public Notice wasn't yet available. Please re-notify both local governments of this application and complete a new MJ-08.
- Applicant's Alaska Residency
  - I was able to verify residency for everyone except the following individuals:
    - Billie Jo Gehring
    - Curtis Franklin
    - Frank Berardi
  - Please let me know via email if/when these individuals are able to verify PFD eligibility.

Let me know if you have questions or need copies of any documents.

Good afternoon Brenda,

Thank you, I finished reviewing these corrections. Most of the application forms are complete, but this copy of Form MJ-04 does not include the dimensions for the flower/bloom area in the calculations for the total area under cultivation.

I was able to verify residency for Curtis Franklin, but not for Billie Jo Gehring and Frank Berardi. I cannot see what, if any, issues that there might be, so they may need to contact the PFD division. Please have them update us on their status when they are able.
