Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Tincture		
Product Type: Choose one.	Other Marijuana Product		
Perishable: Yes/No	No	**Shelf Life:** If perishable.	
Intended Use: Smokable/ edible/topical/wholesale/etc.	Edible/Wholesale		

Product Description: Details must include the color, shape, and texture.	Tincture is a liquid that is golden amber to clear color with a water like consistency. Tincture will be used as an in-house or wholesale product.
Ingredients:	Food-grade ethanol, cannabis flower/trim or cannabis concentrate (shall either be ,shatter, distillate, crumble, HTFSE, resin, sauce or distillate). Concentrate used in production will be clearly indicated on the final product label.
Standard Production Procedure and Detailed Manufacturing Process:	Tincture will be made utilizing one of two processes (depending on material available), either by utilizing raw plant material or cannabis concentrate. If using raw plant material, the plant material will be heated up in ethanol (in a Crockpot or stove top) to extract active compounds. Then the plant matter is strained out of mixture resulting in Tincture. If its made using concentrate, cannabis concentrate (sauce, shatter, or wax) is heated with ethanol (in Crockpot or stove top) in amounts to reach desired potency. Tincture is then cooled and will be labeled and stored until it is sent for testing. Tincture will be used in-house to create other Green Growcer products and packaged for retail sales.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.
Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	Tincture
Product Type:	Other Marijuana Product

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	Tincture will be stored in clean and sanitized containers to be sealed. The total volume and weight of tincture will vary with each batch. Each batch will be stored in separate containers and each batch will be entered in METRC as a separate package. Each batch will be tested by an independent lab to determine the percentage of THC and other test parameters. Each container will be marked with the name of the product, METRC package number, date, test lab, lab license number, strain and test results. After acceptable test results are obtained, it may be infused into edible products. All tincture will be used inside our facility to produce our products or to be sold wholesale with the intent to be used in other facilities' products. Green Growcer will also be packaging Tincture in 2 oz (60 ml) bottles with serving sizes of 6 ml, with 10 servings total per package. Each serving will be 5 mg of THC. Individual servings will be indicated with lines of demarcation on the product package. There will be no more than 50 mg of THC total per package. The bottle will have a child resistant cap and placed in a CR cardboard box or sealed mylar bag.

Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	**Produced By:** Green Growcer **License Number:** 23503 **Product Name:** Tincture **Strain:** **Batch/Lot Number:** **Gross Weight:** **Net MJ Weight:** **OZ(g)** **Best By Date:** **Packaging Date:** **Tested By:** **License Number:** **Total THC:** **THCA:** **CBD:** **CBDA:** **CBN:** **Microbial Test:** **Pesticides:** **Herbicides:** **Fungicides:** **Residual Solvent Test:** **Contaminants Test Result:** Retailer: License Number: **Alaska Safety Warning: Marijuana has intoxicating effects and may be habit forming and addictive.
