Section 6 – Proposed Marijuana Concentrates and Marijuana Products

Review the requirements under 3 AAC 306.520, 3 AAC 306.525, and 3 AAC 306.560.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	HTFSE Cartridge		
Product Type: Choose one.	Marijuana Concentrate		
Perishable: Yes/No	Yes	**Shelf Life:** If perishable.	
Intended Use: Smokable/ edible/topical/wholesale/etc.	Smokable		

Product Description: Details must include the color, shape, and texture.	HTFSE (High Terpene Full Spectrum Extract) oil-filled vape cartridge with a color ranging from clear to light yellow to dark amber. Oil is usually viscous in nature. Free form shape that fits to the cartridge.
Ingredients:	N/A
Standard Production Procedure and Detailed Manufacturing Process:	HTFSE is extracted from flower or trim using a closed loop machine utilizing propane/butane solvents. Solvents are purged from concentrate, then the terpene rich liquid part of the remaining concentrate mixture is removed and put in sealed jars under heat and pressure. A small amount of pressure will build up in the jars creating different fractions of Cannabinoids. After an allotted amount of time has passed (2-10 weeks), the jar is opened and any left over residual solvents are allowed to evaporate with the help of the oven and a low vacuum. The HTFSE can be poured off separately and be filled into cartridges or mixed with distillate to create potent full spectrum cartridges.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.

Section 7 – Proposed Product Packaging and Sample Labels

Review the requirements under 3 AAC 306.520, 3 AAC 306.565, and 3 AAC 306.570.

Attach a completed copy of this page for each proposed marijuana concentrate or marijuana product.

Product Name:	HTFSE Cartridge
Product Type:	Marijuana Concentrate

Packaging Description: Details must include the color(s), size, packaging materials used, total amount of THC, individual serving sizes (if multiple), and other specifics showing compliance with 3 AAC 306.565. Please include photos, drawings, or graphic representations.	HTFSE oil will be packaged in "Vape pen" cartridges that will hold either .5 g or 1 g of HTFSE concentrate oil. Each cartridge will be packaged in either a child resistant (CR) cardboard box, a CR blister package or small CR mylar bag (windowed or not windowed, if windowed mylar bag or blister packaging is used, retailer will place purchase in an opaque exit bag prior to customer leaving the retail store). The actual THC content will be listed on the label per the testing results.

Sample Labels: Provide sample labels showing how the labeling requirements set forth in 3 AAC 306.570 will be met.	**Produced By:** Green Growcer **License Number:** 23503 **Product Name:** HTFSE Cart **Strain:** **Batch/Lot Number:** **Gross Weight:** **Net MJ Weight:** **OZ(g)** **Best By Date:** **Packaging Date:** **Tested By:** **License Number:** **Total THC:** **THCA:** **CBD:** **CBDA:** **CBN:** **Microbial Test:** **Pesticides:** **Herbicides:** **Fungicides:** **Residual Solvent Test:** **Contaminants Test Result:** Retailer: License Number: **Alaska Safety Warning: Marijuana has intoxicating effects and may be habit forming and addictive.
