

MEMORANDUM

TO: Robert Klein, Chair and
Members of the Board

FROM: Cynthia Franklin
Director, ABC Board

DATE: October 18th 2016

RE: Denali River Cabins # 5407

This is a request for reconsideration of a restaurant eating place license in the Denali Borough. At its meeting on July 20, 2016, the board denied the application because the layout and food offerings of the proposed premises did not constitute a bona fide restaurant as required by AS 04.11.100.

The applicant and its attorneys requested an informal conference with the director. The conference was held and the definition of a bona fide restaurant was discussed. The attorneys expressed their intention to revise the business plan and diagram to reflect that the premises would be a bona fide restaurant. The director agreed that the applicant would present the revised plan to the board at this meeting.

I. Background

Aramark Sports & Entertainment Services, LLC. (NYSE:ARMK) is a customer service based company with over 270,000 employees in 21 countries operating tourism facilities and sports venues. Aramark operates two lodges in Alaska—Glacier Bay Lodge for the U.S. Forest Service and Denali Park Village at the entrance to Denali Park.

Denali Park Village offers a first-class Denali lodge and strives to serve visitors as their gateway to experiencing the best of Denali National Park & Preserve. The Lodge offers outstanding views, fine dining, and superior guest hotel rooms. Denali Park Village is comprised of 338 rooms. The Village also contains a large lodge area with several restaurants including a fine dining facility. In 2016, Denali Park Village had nearly 72,664 guests.

II. Public Convenience License Issue

In early 2015, in an attempt to expand opportunities and options on the property for guests, Aramark began its efforts to build and permit an additional guest facility in the form of a new stand-alone building on site. The idea behind the building was to give guests an additional place to go to purchase sundry and convenience items, hot foods, cold foods, snacks, non-alcoholic drinks, and perhaps a beer or wine with their food. The facility is located about 300 feet from a full service commercial kitchen which will prepare all of the food items on the menu and deliver the food to the service counter. The proposed menu is diverse and the floor plan allows for seating inside and outside. *See Premise Diagram and Menu.*

Due to a lack of available liquor licenses as a result of population constraints, Aramark spent considerable time and effort to collect the local signatures necessary for issuance of a public convenience beer and wine license for the new facility. At the July 20, 2016 ABC Board

Meeting, the public convenience license was pulled from the consent agenda and denied without any testimony from Aramark. As a result of the denial and lack of notice to Aramark, reconsideration was requested after a formal meeting with Director Franklin.

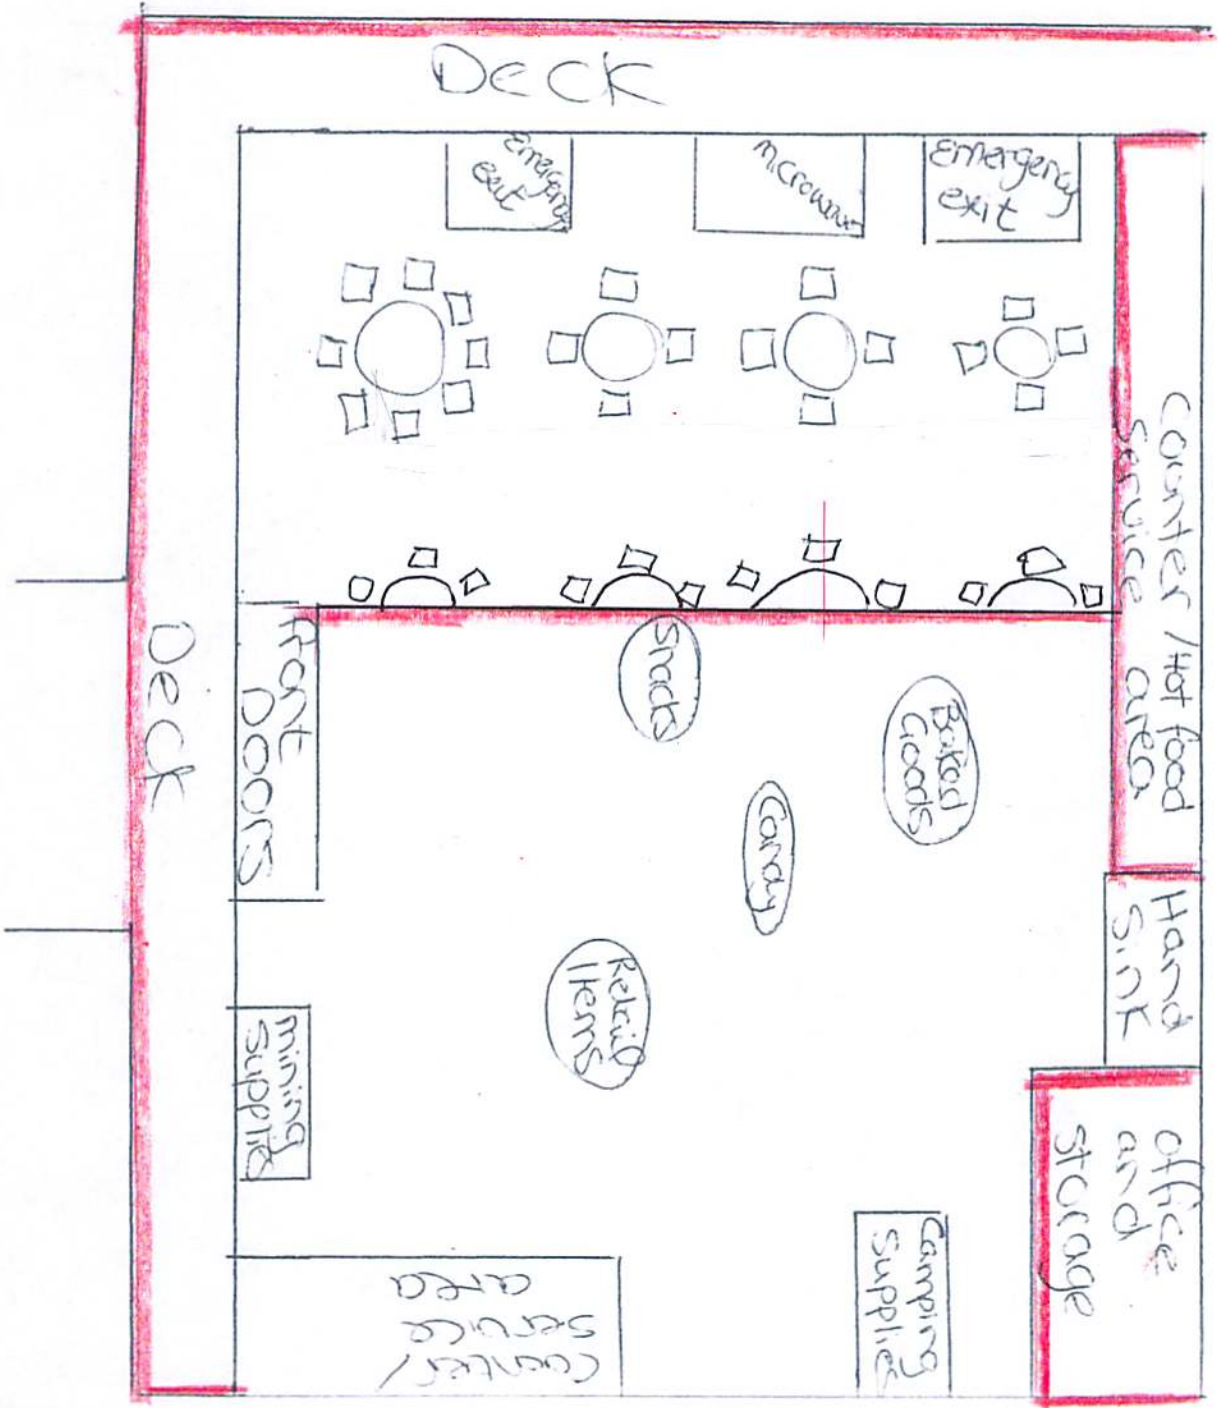

III. The Public Convenience License Should be Issued

As a result of the unexpected denial of the license by this Board, Aramark went back to the drawing board and redesigned the interior of the facility and significantly enhanced the menu.

The menu now contains hot beef briquette, sandwiches, salads, hot soups, etc. *See Menu*. The premise layout was also modified extensively as a result of the denial. The interior premise now has a large seating area which is separated from the rest of the facility by a 48 inch counter which has additional seating in the form of stools.

Aramark has met all of the conditions for issuance of a public convenience beer and wine license and has ameliorated the concerns of staff which had it known prior to the last meeting, would have been fixed before a denial of the license occurred. At this time, reconsideration/approval is appropriate, and Aramark would ask that it be granted.

Thank you in advance for your consideration.
