State of Alaska Marijuana Control Board:

The purpose of this email is to formally object to the above referenced license applications on the grounds that my company, Pixel Arcanum, Inc. holds a UCC Lien, a Judgement and Writ of Possession issued by the Superior Court of Alaska regarding our ownership of some of the equipment that the applicant plans on using in their business. We are awaiting trial to secure a Writ of Assistance to force the landlord to open the door and turn over our equipment because he refuses to honor our Lien and our Writ.

The results of the trial will no doubt alter the applicant's Operating Procedure that they filed with the Marijuana Control Board.

It is also my understanding that the property in question, 524 E 48th Avenue in Anchorage is also tied up in litigation due to the landlord's illegal lockout of Turnagain Manufacturing Company.

For these reasons, we strongly object to the above referenced application.

If you have any questions concerning this matter, you can reach me at 678-772-9847.

Sincerely,

Michael K. Molen
President
Pixel Arcanum, Inc.
