Re: Standard Marijuana Cultivation Facility license #30422

Dear applicant,

AMCO has reviewed the documents submitted for the proposed marijuana establishment license referenced above. This letter is notice under 3 AAC 306.025(e)(2) that your application is incomplete and additional items are needed to complete the application. The additional items that need correction or resubmittal are listed below—please be sure to read the entire letter. **Please note that if the corrections and/or additional documents submitted in response to this letter are not found to be complete, your application will be returned to you in accordance with 3 AAC 306.025(e)(1), and you will need to file a new application and pay a new fee should you wish to continue pursuing licensure.**

- **MJ-04 Cultivation Supplemental, page 3, 4.6.** Your "also" products in the image below, I do not see Egogarden of any type on DEC's list https://dec.alaska.gov/media/23068/cannabis-pesticides.pdf . I only found several Bonide products, although you are not specific, I assume that you will use only Bonide products listed on DEC;s list as you state in this box. That being said, please make the statement on your MJ-04 that you will only use Bonide products that are on Alaska DEC's list. Further, Egogarden may not be used as it is not on DEC's list.

4.6. Provide the complete product name and EPA registration # (if applicable) for each of the cultivation facility's pesticides and pest control products to be used. All proposed products must be on DEC's list of approved pesticides in the state of Alaska:

May choose from and use any/all DEC and EPA approved products (see current list- attached) as efficacy, availability, and cost-benefit are assessed. Before ordering product we will verify the current approved product list at https://dec.alaska.gov/commish/cannabis/ and obtain the accompanying material safety sheet before it is used. Specific use of individual products will be documented within METRC and/or internal logs, as appropriate, and will be disclosed and tested for in compliance with AMCO policy. **Also- Egogarden; Bonide Products**

It is very important that you submit the above corrections and/or documents in a timely manner so that AMCO staff has adequate time to review the corrections and/or additional documents which must be found to be complete within 90 days of the date of this letter. That deadline is August 14, 2022.

Respectfully,

Jane P. Sawyer, Regulations Specialist
For,
Joan M. Wilson, Director
