Section 3 – Summary of Changes

Provide a summary of the changes for which you are requesting approval.

Changes are due to the framing out of certain rooms inside the cultivation licensed area.
1st Floor Changes:
-Framed out and completed build out for Flower Room 103;
-Framed out and completed cure room;
Note - there is an additional flower room being framed out on 1st floor as shown on diagram with the note that it is under construction. Once it is complete, a second MJ14 will be filed to reflect the change and to give Enforcement an opportunity to check camera coverage and anything else that Enforcement needs to do before it can be utilized for growing.

2nd Floor Changes:
-Framed out flower room number 206;
-Reduce Veg Area by 281 square feet (manufacturing expansion absorbs the 281 sq. feet of Veg)
Note there is an additional cultivation room framed out and show as under construction on the diagram - once the construction is completed, a new MJ14 will be filed so that Enforcement can review the room before it goes into use.
