FROM: Jane P. Sawyer,

RE: Cold Creek Extracts Lic. 15594

Cold Creek Extracts, a marijuana product manufacturing facility, is requesting approval of amendment(s) its already approved products. Attached is MJ-15 Operating Plan Change application with the summary of changes.

The licensee is adding "Alaska Hemp Program-approved hemp concentrate" (MJ-15) to his already approved products.

Note: some of his products were in old versions of applications so he used the MJ-16 to update the form, they are not new products.

Temporary approval was granted with the comments that Delta 9 THC potency limits from any source (marijuana or hemp) may not exceed limits described in 3 AAC 306.560 - potency limits per serving and transaction for edible marijuana products.

List of already approved products being amended

1. Alaskan Honey Stix	7. Full Extract Ethanol Hash Oil (FEEHO)
2. Alaskan Rescue Balm	8. Sea Salt Caramels
3. Canna Caps	9. Strawberry Rhubarb Lollipops
4. Cherry Gum Drops	10. Tangerine Dream Chews
