Alaska Marijuana Control Board

Form MJ-16: Proposed New Marijuana Product

What is this form?

This proposed new marijuana product form is required for a marijuana product manufacturing facility licensee who is seeking Marijuana Control Board (MCB) approval of a new marijuana product or marijuana concentrate for production at its licensed premises, as required under 3 AAC 306.100 and 3 AAC 306.525. **The required $250 proposed new marijuana product fee may be made by check, cashier's check, or money order.**

This form must be completed and submitted to AMCO's main office prior to production of any new marijuana product or marijuana concentrate. **The proposed new marijuana product may not be produced unless and until the MCB has approved of the product.**

Please note that licensees seeking approval of more than one proposed new marijuana product or marijuana concentrate must submit a separate completed copy of this form and pay a separate fee for each proposed new marijuana product or marijuana concentrate.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Received by AMCO 5.13.22

Form MJ-16: Proposed New Marijuana Product

Section 3 – Proposed Product Details

Enter information for the marijuana product for which you are seeking MCB approval.

Product Description: Details must include the color, shape, and texture.	The product will be opaque and solid at room temp, and will melt upon contact with skin. Product will be smooth & homogeneous.
Ingredients:	Marijuana concentrate, MCT Oil, Emu Oil, JoJoba Oil, KuKui Oil, Lanolin Oil, beeswax, Essential Oils (for smell), Alaska Hemp Program approved-hemp concentrate (for CBD/CBG:THC version only) (The marijuana concentrate used will be one produced by licensee, such as Full Extract Ethanol Hash Oil, Shatter, Sugar Wax, or Distillate. Concentrates produced by other manufacturers may also be used, depending on supply.)
Standard Production Procedure and Detailed Manufacturing Process:	Concentrate of choice from approved ingredients list, is warmed up & combined with MCT oil using a proprietary process. While continuing to heat that mixture up, the other oils, beeswax, and and Alaska Hemp Program approved-hemp concentrate (if applicable) will be combined via a proprietary process, to produce a homogeneous balm.
Depiction: Provide a photograph, drawing, or graphic representation of the expected appearance of the final product.	Actual Product Appearance.
